Excerpt from The Importance of Being Rhythmic: A Study of the Principles of Dalcroze Eurhythmics Applied to General Education and to the Arts of Music, Dancing and Acting; Based on and Adapted From "Rhythm, Music and Education," by Emile Jaques-Dalcroze IN his foreword to Rhythm, Music and Education published in 1921. M. Jaques-dalcroze says: In chronological order, these chapters record my ideas as developed from 1897 to the present day in lectures and articles. It seems to me that this series of transformations and developments out of an original general principle may be of interest to pedagogues and psychologists; that is why I discarded my original intention of recasting all the articles according to a definite plan and on a principle of unity.
