Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of Profit First and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In Clockwork, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other powerful strategies, you will discover how to:

- Make your employees act like owners: Free yourself from micromanaging by using a simple technique

to empower your people to make smart decisions without you. • Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business. • Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, Clockwork is your path to finally making your business work for you.

'Without free speech there is no true thought.' -Jordan Peterson 'If you're white, this country is one giant safe space.' -Michael Eric Dyson The Munk debate on political correctness Is political correctness an enemy of free speech, sparking needless conflict? Or is it a weapon in the fight for equality, restoring dignity to the downtrodden? How should we talk about the things that matter most in an era of rapid social change? Four thinkers take on one of the most heated debates in the culture wars of the twenty-first century.

On September 11, 2018, Navy SEAL Chief Edward Gallagher—a highly-decorated combat veteran with deployments to war zones in Cosovo, Africa, Afghanistan, and Iraq—was arrested for war crimes at the TBI medical clinic where he was receiving treatment. His incarceration was the culmination of a year-long whisper campaign started by a group of disgruntled underlings after a successful deployment decimating ISIS in Mosul, Iraq. After that deployment, Chief Gallagher was named the #1 Chief at SEAL Team 7, nominated for a Silver Star for valor on the battlefield, and listed for promotion. A few junior members of the platoon whom Chief Gallagher had called out for cowardice and ineptitude decided they couldn't let those things stand, and escalated minor leadership complaints into false accusations of stabbing a captured ISIS fighter and shooting noncombatants. Fighting against a corrupt investigation and a deceitful prosecutor who would be removed from the case for spying on defense attorneys, Chief Gallagher was found innocent on all major charges, and freed from prison. But only after he and his family were put through hell. President Trump had to intervene for Chief Gallagher to have access to his lawyers before trial, then restored his rank and insured his Trident pin was not taken after the acquittal. This tell-all exposes a military justice system designed to break and persecute our country's warfighters, told by a family who was targeted by it. While heavily covered in the media, the full story of how a war hero was railroaded and nearly sent to prison for life for crimes he didn't commit has never been told. Chief Gallagher did not testify at his trial and has spoken in little detail about how this travesty came about. Until now. A shocking, raw, exposé that pulls no punches and calls out each and every bad actor in this surreal story."People always tell me, if our life was a movie, no one would believe it."
-Andrea Gallagher
