Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The BMTCN Certification Review Manual is an essential resource for RNs preparing to take the blood and marrow transplant certified nurse (BMTCN) examination. As the only nationally accredited test of its kind, the BMTCN certification identifies nurses as being adept in the specialty of blood and marrow transplantation. This study manual is an essential learning resource for your certification preparation.
