SAP ERP Financial Accounting and Controlling ...

The FI Module in SAP is the backbone for all the processes that are implemented, and it's configuration is key in order to understand the system functionality, implement the first steps and be able to solve problems that came up at the beginning of the implementation or in production system.

SAP ERP modules are

Read PDF Sap Configuration Guide Fico

notoriously hard to configure and use effectively without a lot of practice and experience. But as SAP ERP Financial Accounting and Controlling: Configuration and Use Management shows, it doesn't have to be so difficult. The book takes a systematic approach that leads SAP Financial Accounting and Controlling (FICO) users step by step through configuring and using all the program's facets. This approach makes configuration complexities manageable. The book's author—SAP expert, trainer, and accountant Andrew Okungbowa—ensures that both you and your end
