permanent job, there is normally only ever One technical interview. A successful interview can provide you with that break which will be the first step to a career in the SAP World. So what are the interviewers looking for? For an associate level position (less than 2 year's SD project experience), here is what the interviewers typically look for: - Decent overall knowledge of SD - Deep knowledge in at least one or two area (e.g. Billing/Pricing etc). - Ability to work in a team environment (As you are a junior you will probably be working as part of a larger team). - Ability to find relevant technical information. (With SD/Logistics being so wide, no single consultant is reasonably expected to know everything. However, you

should have the skills to find out more wherever required). The kind of questions asked at the associate level interview are less to do with tables and fields and more to do with your approach to a project issue and how you match up the SD functionality to fulfill the project requirements. This is something that can only come with experience or if you receive some coaching from experienced consultants. So how would you like some insider knowledge of what kind of questions are asked in an actual SD interview and what kind of response gets you the green light? The eBook '110 SAP SD Interview Questions with Answers and Explanations' is Exactly what you need. Why should you buy this book? Current Questions that are being

Want to start working in SAP? Breaking into SAP shows you how to get a job - fast! There is a vibrant and global marketplace for those who have the right skills in SAP. But jobs for newcomers to the industry remain elusive. So how do you get started? Rather than spend a small fortune on expensive training and certifications of questionable value, Breaking into SAP suggests a more sensible route. Breaking into SAP acknowledges the recent changes in the way global corporations hire and retain talent, and helps shift the balance of the power back to individual job seekers. Because breaking into the field of SAP in these competitive times requires
