"Time of death..." the doctor said. I won't forget that moment I looked over at Ellie—the paleness of her once rosy cheeks, the blue hue coating her perfect lips—the woman I had been with since we were five years old. My wife. My best friend...and the mother to our newborn baby girl. You promised me we would be together forever, I wanted to tell her. She gave me her forever, I told myself. Her forever just ended at twenty-five. "You need to say your goodbyes..." the doctor said. How do I say goodbye to the one person in my life I could never say goodbye to? My body is numb, and my heart hurts. Hurts like someone just ripped it out of my chest. Which is ironic... "We are going to remove her heart now, Hunter. It was her wish to donate," the doctor said. She never told me this. She never told me another woman would carry on with her beating heart. She never told me this woman knew me but wouldn't let me know her. She never told me if I should follow her heart, or if I should follow mine. She knew. She could have told me...

In the week following her mother's death in a freak accident, eighteen-year-old Sandanista Jones finds small measures of happiness even as she fantasizes about an act of revenge against an abusive teacher at her high school.

"While dealing with the recovery of his mentally ill father, sophomore in high school Billy volunteers at a suicide prevention line and falls for one of the incoming callers"--

Two years ago, Emily Adams trained in the ways of her ancient ancestors and became a modern Celtic Priestess Warrior. The golden torc, forged by faerie hands, is still wound around her arm, fused to her soul. She was entrusted with powerful magic and secret knowledge. But even a Priestess can feel desire - temptation - and the quest for love. Will passion entice Emily to use her sacred magic in a forbidden way? Can new love take root in a world of nightmares? And will her friendships survive Emily's Trial? The Journey Continues . . .

Traveling back to her Florida hometown when her former partner asks for her help with a case that is not going well, ex-FBI agent Brigid Quinn turns skeptical when she learns that her former colleague would save an innocent man on death row.

For over forty years in more than sixty countries, Raymond Baker has witnessed the free-market system operating illicitly and corruptly, with devastating consequences. In *Capitalism's Achilles Heel*, Baker takes readers on a fascinating journey through the global free-market system and reveals how dirty money, poverty, and inequality are inextricably intertwined. Readers will discover how small illicit transactions lead to massive illegalities and how staggering global income disparities are worsened by the illegalities that permeate international capitalism. Drawing on his experiences, Baker shows how Western banks and businesses use secret transactions and ignore laws while handling some \$1 trillion in illicit proceeds each year. He also illustrates how businesspeople, criminals, and kleptocrats perfect the same techniques to shift funds and how these tactics negatively affect individuals, institutions, and countries.

A sweeping epic of two families—one Dutch, one English—from the time when New Amsterdam was a raw and rowdy settlement, to the triumph of the Revolution, when New York became a new nation's city of dreams. In 1661, Lucas Turner, a barber surgeon, and his sister, Sally, an apothecary, stagger off a small wooden ship after eleven weeks at sea. Bound to each other by blood and necessity, they aim to make a fresh start in the rough and rowdy Dutch settlement of Nieuw Amsterdam; but soon lust, betrayal, and murder will make them mortal enemies. In their struggle to survive in the New World, Lucas and Sally make choices that will burden their descendants with a legacy of secrets and retribution, and create a heritage that sets cousin against cousin, physician against surgeon, and, ultimately, patriot against Tory. In what will be the greatest city in the New World, the fortunes of these two families are inextricably entwined by blood and fire in an unforgettable American saga of pride and ambition, love and hate, and the becoming of the dream that is New York City.

Nick and his brother Alan are on the run with their mother, who was once the lover of a powerful magician. When she left him, she stole an important charm - and he will stop at nothing to reclaim it. Now Alan has been marked with the sign of death by the magician's demon, and only Nick can save him. But to do so he must face those he has fled from all his life - the magicians - and kill them. So the hunted becomes the hunter—but in saving his brother, Nick discovers something that will unravel his whole past

In a split second, life can steal a last breath ... and derail all future plans. While flying home after a phone call that left me heartbroken, a row to myself would have been ideal. Instead, I was unknowingly sitting shoulder to shoulder with a strikingly attractive single dad and ex-Marine. I could have pretended not to notice the man, but there was something familiar about him. It didn't take long before I pieced together where I knew him from or why he was back in my life. With chaos holding me hostage, I wanted to hide but couldn't avoid Brett Pearson, our old family friend, and my teenage crush, because he kindly offered to help out with my family's business—The Barrel House. Handling my father's distillery would be a distraction from my brutal reality. Except, I never paid close attention to the art of making bourbon, unlike Brett, who was full of bourbon knowledge. He offered to teach me a thing or two, but all I could focus on was the way his lips moved when he spoke to me. I needed to grieve, and my head was in the wrong place at the wrong time, but my heart was splitting at the seams. Bourbon was spilled, drinks were shared, but could passion ignite from a dying last wish? *Bourbon Love Notes is a small-town second-chance angsty romance.
