Described as 'Mad, bad and dangerous to know' by one of his lovers, Lady Caroline Lamb, Lord Byron was the quintessential Romantic. Flamboyant, charismatic and brilliant, he remains almost as notorious for his life - as a political revolutionary, sexual adventurer and traveller - as he does for his literary work. Yet he

produced some of the most daring and exuberant poetry of the Romantic age, from 'To Caroline' and 'To Woman' to the satirical English Bards and Scotch Reviewers, his exotic Eastern tales and the colourful narrative of Childe Harold's Pilgrimage, the work that made him famous overnight and gave birth to the idea of the brooding Byronic hero.

This volume comprises the complete poetic works of Byron. As well as including such works as "Childe Harold", "Don Juan", "The Two Foscari", "The Lament of Tasso" and "The Vision of Judgement", it also contains his shorter lyrical poems.

Humorous and ironic, daring and flamboyant, sardonic yet idealist, his work encompasses a sweeping range of topics, subjects, and models, embracing the most traditional and the most experimental poetic forms.

To the nineteenth-century reader, George Gordon, Lord Byron (1788-1824), was the archetype of the Romantic literary hero, a figure admired and emulated as much for the revolutionary panache with which he lived his life as the brio and allure of his verse. Our century has seen him more clearly as a poet whose intellectual toughness, satiric gifts, and utter inability to be boring have made him one of the great comic spirits in our literature.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
