With Richard the Lionheart still being held hostage after his crusade, his people have been made paupers paying his ransom. The Abbess Helewise is struggling to keep her abbey going through a cold, brutal winter as she fends off starvation of her nuns and the local people. Then her son returns to her in desperate need of help after a seperation of nearly twenty years. He claims his wife is suffering mental torments and his son is mute. But when a man is found strangled, dangling from a tree near the abbey, her son and his family flee the very next day. Helewise and a local Knight, Josse d' Acquin, must investigate deep into the past to the time before Helewise took the veil. Were her handsome husband and enigmatic father-in-law all that they seemed? And can she prevent another terrible murder or will the sins of the fathers be laid upon her innocent son?

Are you having difficulty shaking an illness? Have you been feeling chronically tired and listless? Do you have a health problem your doctor can't identify? The cause may be parasites in your body. If you think that parasitic diseases happen only to people in Third World Countries, think again. The rate of parasite-related disorders in North American is skyrocketing. In this completely revised and updated edition of the most authoritative book on the subject for consumers, renowned nutritionist Ann Louise Gittleman gives the information you need to know to ward off unwelcome organisms. Guess What Came to Dinner? explains what parasites are, why they are harmful, and how they are spread. Most importantly, she offers tips on creating a parasite-proof diet and lifestyle. What Came to Dinner? is the indispensable guide to protecting yourself and your loved ones from this hidden epidemic.

Making Peace with God and Money This is not a book about how to make money ... or spend it ... or give it away. Rather, it's a book for anyone who has ever worried about money -- about having enough -- and it begins with a startling assumption: No amount of money will ever lift your anxiety. This may seem counterintuitive, but in Gregory Jeffrey we have an experienced guide. With degrees in business and theology, he has worked as a development consultant for two decades. In meeting with thousands of individuals to ask their support for various causes, he discovered -- to his amazement -- that some people with millions worried constantly about money; others, of very modest means, seemed immune. Apparently, making peace with money entails something other than money. This insight led Jeffrey to question every fundamental assumption we hold about wealth. With warmth, humor, and a writing style as simple as the Dakota prairie he grew up on, he offers a unique perspective on the interplay between our spiritual and financial lives. Rich with images, stories, and compassion for the millions now burdened with financial worries, Jeffrey teases out what is required of the soul who wishes to be free of anxiety. "Practical and timely, this book...will challenge you to grow in wisdom, trust, frugality, and generosity." -- Scott Hahn, best-selling author, speaker, and Scripture scholar "In striving for holiness, conversion is needed in all parts of our lives. Jeffrey goes to that place rarely examined: the intersection where wealth and God meet, and often come into conflict. As a remedy and balm, he shares with visual examples and heartwarming stories a sobering insight: to be at peace with money, you must first be at peace with God." -- The Most Reverend Samuel J. Aquila, Bishop of Fargo

October 1945. The war is over. The OSS has been disbanded. But for Cletus Frade and his colleagues in the OSS, the fight goes on. In the closing months of the war, the United States made a secret deal with Reinhard Gehlen, head of German intelligence's Soviet section. In exchange for a treasure trove of intelligence on the Soviets and their spies within the U.S. atomic bomb program, Gehlen's people would be spirited to safety in Argentina. Only a handful of people know about the deal. If word got out, all hell would break loose--and the U.S. would lose some of the most valuable intelligence sources they possess. It is up to Frade and company to keep them safe. But some people have other ideas...
