applications.

- Offers 85 practice problems, each designed to be solved in six minutes--the average amount of time examinees will have - Complete solutions are included

Give yourself an edge on thermal and fluids systems problems by practicing with these problems. Twenty problems on hydraulics and fluids, energy conversion and power systems knowledge offer breadth coverage, while 65 depth problems on fundamentals, components, and applications will get you up to speed for the exam.

NEW EDITION With an average of only six minutes to solve each problem on the PE mechanical exam, speed and accuracy are vital to your success--and nothing gets you up to speed like solving problems.

"Simulates the 8-hour test, with 40 problems for the morning (breadth) session and 40 problems each for the 3 afternoon (depth) sessions: HVAC and Refrigeration, Mechanical Systems and Materials, and Thermal and Fluids Systems. The problems use the same multiple-choice format as the exam and are accompanied by full solutions."--Publisher description.
