Make Sociology new with McGraw-Hill's Connect Sociology and the 10th edition of *Sociology: A Brief Introduction*. New to Connect is Investigate Sociology, a brand-new tool that develops students' sociological imaginations by placing them in provocative scenarios where they must analyze various sources and determine a solution. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities like *In their Shoes* and *Applying the Perspectives* that teach sociology's three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill's digital tools, focus on what you do best—teaching. Unique to this program, *Sociology: A Brief Introduction* encourages students to take sociology with them in their everyday lives, just as Rick keeps a small notebook of daily sociological events. In *Sociology* brief, instructors get the most trusted content in manageable form. This, coupled with powerful digital learning tools, makes *Sociology* brief an ideal choice for your introductory course.

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

In this 13th edition, Rick Schaefer provides a comprehensive, up-to-date introduction to sociology that appeals to students with a diversity of learning styles. The text focuses on sociology in the global community and encourages students to think about the world they're living in using a sociological imagination.

Packed with current examples you can easily relate to, Tischler's *INTRODUCTION TO SOCIOLOGY*, 11E delivers comprehensive, up-to-date coverage in a succinct and affordable format. The author begins by equipping you with tools for success, including tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for understanding social interaction in many work and social settings. With its streamlined 16 chapters, *INTRODUCTION TO SOCIOLOGY*, 11E delivers cutting-edge coverage that is concise yet thorough--and makes sociology completely accessible. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. This popular introductory textbook provides an overview of more than 3 million years of human prehistory. Written in an accessible and jargon-free style, this engaging volume tells the story of humanity from our beginnings in tropical Africa up to the advent of the world's first urban civilizations. A truly global account, *World Prehistory* surveys the latest advances in the study of human origins and describes the great diaspora of modern humans in the millennia which followed as they settled Europe, Asia and the Americas. Later chapters consider seminal milestones in prehistory: the origins of food production, the colonization of the offshore Pacific and the development of the first more complex human societies based, for the most part, on agriculture and stock raising. Finally, Fagan and Durrani examine the prevailing theories regarding early state-organized societies and the often flamboyant, usually

volatile, pre-industrial civilizations which developed in the Old World and the Americas. Fully updated to reflect new research, controversies, and theoretical debates, this unique book continues to be an ideal resource for the beginner first approaching archaeology. Drawing on the experience of two established writers in the field, *World Prehistory* is a respected classic which acquaints students with the fascinations of human prehistory.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

A comprehensive presentation of the major topics in medical sociology. *The Sociology of Health, Healing, and Illness, 8/e* by Gregory L. Weiss and Lynne E. Lonquist provides an in-depth overview of the field of medical sociology. The authors provide solid coverage of traditional topics while providing significant coverage of current issues related to health, healing, and illness. Readers will emerge with an understanding of the health care system in the United States as well as the changes that are taking place with the implementation of The Affordable Care Act.

This thoroughly revised edition of Mooney, Knox, and Schacht's text uses a theoretically balanced, student-centered approach to provide a comprehensive exploration of social problems. *UNDERSTANDING SOCIAL PROBLEMS, Tenth Edition*, progresses from a micro to macro level of analysis, focusing first on problems related to health care, drugs and alcohols, families, and crime, and then broadening to the larger issues of poverty and inequality, population growth, aging, environmental problems, and conflict around the world. The social problem in each chapter is framed in a global as well as a U.S. context. In addition, the three major theoretical perspectives are applied to the problem under discussion, and its consequences -- as well as alternative solutions -- are explored. Pedagogical features such as *The Human Side* and *Self and Society* enable students to grasp how social problems affect the lives of individuals and apply their understanding of social problems to their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A host of contributors integrate sociological perspectives on a variety of topics with a distinct Canadian focus in this newest edition of Hewitt, White and Teevanr's *Introduction to Sociology*. Praised for its clear language and consistent tone, the ninth edition boasts updated content on values and norms, new material on the study of First Nations in Canada, and increased coverage of Canadian immigration, racial discrimination in Canada and the Quebec separatist movement. The chapter on Deviance has been completely rewritten by new contributor Kevin Haggerty of the University of Alberta, and an all-new chapter on Education has been added. Chapters on Religion and Organizations and Work have also been heavily revised. Pedagogical content has been improved with a new visually stimulating two-colour interior, new social trends boxes, and new end-of-chapter materials including key terms references,
