Solution-Focused Brief Therapy, by Johnny S. Kim, is the first book in the field to provide a practical overview of the essentials of solution-focused brief therapy (SFBT) from a multicultural perspective, including intervention skills, research, applications, and implications for practice. Case examples illustrate SFBT in action with a wide range of client populations. In addition, the book incorporates recommendations from the recently developed and approved SFBT treatment manual, published by the Solution-Focused Brief Therapy Association.

officers, psychiatric staff, doctors, and teachers, as well as those working in organisations as coaches and managers" --

As part of the bestselling SAGE Skills in Counseling & Psychotherapy series, this book is one of the first to focus specifically on Solution Focused Brief Therapy (SFBT) skills and practice. Aimed at those new to the approach and as a refresher to those that have started using SFBT, it covers the key techniques and interventions. Structured step-by-step along the lines of an actual therapy session, the book can be dipped into or read cover-to-cover. It covers assumptions, expectations and ways of working, the role of the

unique, comprehensive guide that assists clinicians, regardless of experience level, in learning and applying the concepts of Solution-Focused Brief Therapy (SFBT) to particular situations with clients. Noted experts discuss the therapy practices and various uses for the approach in detail, which focuses on encouraging clients to look at exceptions, times when the problem could have occurred and did not, and goals and future possibilities. A history of the practice model and its interventions is discussed, along with limitations, descriptions of practice strategies, applications to specific client populations, and clinical problems and concerns. This useful resource also includes an illustrative case study that uses the SFBT

Download Free Solution Focused Brief Counseling

model. The Handbook of Solution-Focused Brief Therapy first lays a foundation of knowledge, providing chapters on the crucial assumptions and practices, history, and epistemology behind the approach. Further chapters use that basis to explain the application of the approach with several clinical issues and various populations, including couples, depression, domestic violence, schools, children, pastoral work, therapist burnout, and a few “outside therapy room” applications. Other chapters focus on the important issues in therapist training and supervision. Extensive references are provided at the end of each chapter. Topics discussed in the Handbook of Solution-Focused Brief Therapy include: assumptions within the SFBT
