Solution
Definition
concentrate, that is, a solution to be diluted to some lower

concentration for actual use. We may use just the stock solution or use it as a component in a more complex solution. We refer to the solution that we end up using as a working solution.

*Solutions and dilutions:
working with stock*

Where To Download Stock *solutions*

Definition
A stock solution is a highly concentrated solution. These solutions are very useful because we can dilute a portion from the stock solution to get a desired concentration. These stock solutions are important in saving preparation time of chemical reagents.

Moreover, it helps us to

Where To Download Stock Solution

conserve material.
