context."--

Celebrating the 40th anniversary of the Terry Fox Marathon of Hope, this picture book biography tells the story of a friendship defined by strength and love. Before Terry Fox become a national hero and icon, he was just a regular kid. But even then, his characteristic strength, determination and loyalty were apparent and were the foundation for his friendship with Doug. The two first met at basketball tryouts in grammar school. Terry was the smallest - and worst - basketball player on the court. But that didn't stop him. With Doug's help, Terry practiced and practiced until he earned a spot on the team. As they grew up, the best friends supported each other, challenged each other, helped each other become better athletes and better people. Doug was by Terry's side every step of the way: when Terry received a diagnosis of cancer in his leg, when he was learning to walk - then run - with a prosthetic leg and while he was training for the race of his life, his Marathon of Hope. Written from Doug's perspective, this story shows that Terry Fox's legacy goes beyond the physical and individual accomplishments of a disabled athlete and honors the true value of friendship.

In an event that is mirrored by a later experience in the Navy during World War II, young John F. Kennedy and his sister go sailing, and even after a harsh storm rolls in, John remains confident that he can bring them home safely.

From the creator of the New York Times best-illustrated children's book award winner *The Only Child*, comes a gorgeous and moving wordless picture book that's perfect for dog lovers. In this heartwarming, wordless picture book that's perfect for dog lovers, a woman visits a park and discovers a pup hiding under a bench--scruffy, scared, and alone. With gentle coaxing, the woman tries to befriend the animal, but the dog is too scared to let her near. Day after day, the woman tries--and day after day, the dog runs away. With perseverance and patience--and help from an enticing tennis ball--a tentative friendship begins. But it's not until a raging storm forces the two together that a joyous and satisfying friendship takes hold. Guojing poignantly explores how trust doesn't always come easily, but how, over time, and with kindness and determination, forever love can grow. Praise for *Stormy*: "Guojing amplifies the suspense and sentiment of her story with the skill -- and mercilessness -- of a great Disney or Pixar director.... Masterful." --New York Times Book Review "A touching tale about the strong emotional connection between dog and human." --Kirkus Reviews, starred review "Guojing paces the story to rock emotionally between the dog's lonely existence and the woman's offer of love, building all the way to a joyful conclusion." --Publishers Weekly, starred review "Adults should be prepared for some serious pet pleading after kids get a look at our scruffy hero and its happy ending."--Bulletin, starred review "Brimming with golden-hued love, this is a book that successfully appeals to our most basic human sentiment, perfect for anyone who appreciates Guojing's accomplished visual style as well as dog lovers of all ages." --Booklist, starred review "This beautifully illustrated book will appeal to a wide range of ages, can spark conversations around homelessness and insecurity, or just be enjoyed as a tale of a dog finding a "forever home." --School Library Journal

Read all about wombats scary time on the stormy sea. Text type: Narrative

Inspired by a true story, the compelling tale of a child who arrives in America on the slave ship *Amistad* describes her capture, her witness to a mutiny and the Supreme Court trial that prompts her return to Africa.

Rusty, an old prospector, and Lo Fat and Lee, two Chinese living in the small mining town of Rhyolite, Nevada, become friends and share the excitement of finding gold in the Amargosa Desert.

Former executive editor of *The New York Times* and one of our most eminent journalists Jill Abramson provides a “valuable and insightful” (*The Boston Globe*) report on the disruption of the news media over the last decade, as shown via two legacy (*The New York Times* and *The Washington Post*) and two upstart (*BuzzFeed* and *VICE*) companies as they plow through a revolution that pits old vs. new media. “A marvelous book” (*The New York Times Book Review*), *Merchants of Truth* is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. “Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance” (*Vanity Fair*). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (*The Washington Post*), Arthur Sulzberger and Dean Baquet (*The New York Times*), Jonah Peretti (*BuzzFeed*), and Shane Smith (*VICE*) as well as their reporters and anxious readers. *Merchants of Truth* raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. “One of the best takes yet on journalism’s changing fortunes” (*Publishers Weekly*, starred review), Abramson’s book points us to the future.

“[An] unrelentingly funny sci-fi story.” —BCCB (starred review) *Stranger Things* meets robots in this sweet and “noteworthy” (*Booklist*) story about an unlikely friendship between two boys—one human, one android. Danny’s a kid. Eric’s a kid, too. He’s also a robot, but he doesn’t know that. For Danny, it becomes hard to ignore Eric’s super strange tendencies. He has weekly “dentist” appointments and parents who never stop smiling. It’s almost impossible to wake him up and he’s always getting fancy gifts from his mysterious uncle. Danny always assumed that Eric was just a spoiled rich kid...until he discovers Eric’s hidden robot reality. As the two friends dig deeper into Eric’s origins and purpose, powerful forces swarm into town, and Danny and Eric are left with more questions than answers—and more danger than humanly possible.
