Today more than ever, books, magazines, television, movies, and the internet deliver a high percentage of information in visual rather than verbal form. Hot Graphics USA No. 2 illustrates how powerful graphic design can communicate a strong message without relying on words. Culled from the work of dozens of cutting-edge design firms across the United States, each section of this book demonstrates the visionary spirit, bold excitement, and that special warm sensuality that is quintessentially American. Contributing graphic design firms include: Alexander Isley, Cahan & Associates, Frankfurt Balkind Partners, kor group, Larson Design + Interactive, Supon Design, and many more.
