Learn math in a guided discovery format. These "teaching textbooks" are designed to let students learn at their own pace. Summit Math books are for curious students who want learning to feel like a journey. The scenarios are arranged to show how new math concepts are related to previous concepts they have already learned. Students naturally learn at different paces and these books help teachers manage flexible pacing in their classes. Learn more at www.summitmathbooks.com. Topics in this book: Introduction to percents Percent changes: increases and decreases Writing equations to calculate percents Various percent scenarios Cumulative review: part 1 Introduction to rates Using graphs to calculate rates Rates in equations Cumulative review: part 2 Answer Key Book description: This book guides students through a wide variety of percent scenarios. They review percentages as a way to express fractions and then they learn how to calculate percent increases and decreases. Students also learn how to write and solve percent equations that model percent relationships. Percent scenarios come in many forms, so this book seeks to familiarize students with a wide variety of percent scenario. Students learn about rates at the end of the book. They learn how rates can be interpreted from graphs and how rates can be expressed in equations. These rates scenarios are designed to prepare them for learning about linear equations in Algebra 1: Book 2. Student testimonials: "This is the best way to learn math." "Summit Math books are unlike typical textbooks. It doesn't matter how you learn or what speed you go at...you can learn at your own pace while still understanding all the material." "Summit Math Books have guided me through algebra. They are the stepping stones of what it takes to think like a mathematician..." "I really enjoy learning from these books...they clearly demonstrate how concepts are built over other concepts." "You don't just memorize, you actually understand it." Parent testimonials: "Summit Math Books not only helped my daughter learn the math, they helped her to love learning math in and of itself! Summit Math books have a fun, self-paced way to explain math concepts..." "I am absolutely thrilled with this math program. The books are so well organized and the content builds from one lesson to the next." "We are really impressed and grateful for our boys' understanding of what the math means, not just how to get problems right...we should all learn to understand math this way." "As the mother of a teenage daughter who previously had occasional difficulty in math, it was refreshing to watch her actually enjoy her math class and to understand the subject matter without struggling" "I have three kids that have used Summit Math. Using these books, they have more freedom to learn and explore at their own pace during class, with notes already incorporated within the book." Teacher testimonials: "Summit Math allows students to work at their own pace which allows me the opportunity to provide individualized attention to those who need it..." "Summit Math emphasizes understanding concepts rather than memorizing rules. Students take ownership while acquiring the necessary skills to solve meaningful math problems..." "It has been a real benefit having problem sets that are explicitly designed to guide students through the development of their understanding of the how and why behind the concepts they are studying." See more testimonials at www.summitmathbooks.com.

Summit helps the high-intermediate learner continue to grow through a balanced development of both fluency and accuracy. Summit offers a unique conversational syllabus and extensive opportunities for discussion, debate, presentations, and projects as well as contextualized grammar review, expansion, and practice. Summit prepares students for academic study through development of word skills, reading and listening skills and strategies, and critical thinking. MyEnglishLab for Summit is a powerful online learning tool for personalized practice and assessment.

Get where you need to be with CORNERSTONES OF FINANCIAL ACCOUNTING. Cornerstones delivers a truly unique learning system that is integrated through the entire introductory managerial accounting journey — ensuring students will leave the course with the knowledge they need to be future business leaders. Students are guided through: Building A Strong Foundation: Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique Cornerstones approach gets them through the fundamentals FASTER so that they can transition to analyzing and applying concepts. Understanding Relationships: Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how the numbers affect each other. CORNERSTONES aids students in this step as an important part in training them to be good decision makers. Making Decisions: Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn. Instructors love it because it gets students to master the foundations more quickly and allows more time to learn and apply the analysis and decision making of accounting. Get There with Cornerstones! Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Master the Public Safety Dispatcher/911 Operator Exam provides everything you need to succeed on the exam, including two full-length practice tests, thorough review of every question type on the exam, proven test-taking strategies to help you score higher, and comprehensive information for beginning and advanced-level emergency personnel. Also, expert tips on how to best analyze job announcements and interviewing successfully are included to give you an edge over the competition.

Third edition of the best-selling Cambridge English: First (FCE) course. The Student's Book contains fresh, updated texts and artwork that provide solid language development, lively class discussion and training in exams skills. The 24 topic-based units include examples from the Cambridge English Corpus to highlight common learner errors while vocabulary sections informed by the English Vocabulary Profile ensure that students are learning the most useful language required at this level. A phrasal verb list provides a handy reference for students. The interactive CD-ROM provides comprehensive extra practice of the language and topics covered in the book.

Based on the highly successful Primary Mathematics series from Singapore. Designed to equip students with a strong foundation in mathematics and critical thinking skills, the program offers an integrated solution to different learning needs in the classroom for Grade 1.

Quick Smart English is a radical, rapid, revision course in English language communication for students at Advanced level (Common European Framework B2-C1). QSE has a strong functional, grammatical and lexical framework. QSE provides extensive practice of all four language learning skills, particularly speaking, aided by Language banks on the fold-out cover flaps. QSE is officially recognised as valuable preparation for the GESE and ISE examinations of Trinity College, London and includes extensive Trinity examination practice activities. QSE is based on stimulating and controversial topics to promote real discussion in class about subjects that really matter to students. It includes a unit-by-unit Glossary. QSE uses task-based learning activities including Conversations and Topic Presentations plus a wide range of pair and group exercises using Role play cards. QSE includes cross-curricular, Content and Language Integrated Learning (CLIL) themes, such as science, economics and law in English. QSE texts are drawn from a wide range of English-speaking world sources, from reportage to fiction, and include authentic Extended reading sections. QSE Workbook comes included in the Student's Book. QSE 'watch and listen' DVD consists of 20 units of audio and visual material - 6 videos and 14 audios, plus PDF files for transcripts. QSE Teacher's Guide includes photocopiable exam practice materials.
