Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.

Daisetsu Teitarō Suzuki was a key figure in the introduction of Buddhism to the non-Asian world. Many outside Japan encountered Buddhism for the first time through his writings and teaching, and for nearly a century his work and legacy have contributed to the ongoing religious and cultural interchange between Japan and the rest of the world, particularly the United States and Europe. This fourth volume of Selected Works of D. T. Suzuki brings together a range of Suzuki's writings in the area of Buddhist studies. Based on his text-critical work in the Chinese canon, these essays reflect his commitment to clarifying Mahāyāna Buddhist doctrines in Indian, Chinese, and Japanese historical contexts. Many of these innovative writings reflect Buddhological discourse in contemporary Japan and the West's pre-war ignorance of Mahāyāna thought. Included is a translation into English for the first time of his "Mahāyāna Was Not Preached by Buddha." In addition to editing the essays and contributing the translation, Mark L. Blum presents an introduction that examines how Suzuki understood Mahāyāna discourse via Chinese sources and analyzes his problematic use of Sanskrit.

Compiled by a leading scholar of Chinese poetry, *Clouds Thick, Whereabouts Unknown* is the first collection of Chan (Zen) poems to be situated within Chan thought and practice. Combined with exquisite paintings by Charles Chu, the anthology compellingly captures the ideological and literary nuances of works that were composed, paradoxically, to "say more by saying less," and creates an unparalleled experience for readers of all backgrounds. *Clouds Thick, Whereabouts Unknown* includes verse composed by monk-poets of the eighth to the seventeenth centuries. Their style ranges from the direct vernacular to the evocative and imagistic. Egan's faithful and elegant translations of poems by Han Shan, Guanxiu, and Qiji, among many others, do justice to their perceptions and insights, and his detailed notes and analyses unravel centuries of Chan metaphor and allusion. In these gems, monk poets join mainstream ideas on poetic function to religious reflection and proselytizing, carving out a distinct genre that come to influence generations of poets, critics, and writers. The simplicity of Chan poetry belies its complex ideology and sophisticated language, elements Egan vividly explicates in his religious and literary critique. His interpretive strategies enable a richer understanding of Mahayana Buddhism, Chan philosophy, and the principles of Chinese poetry. "Charles Egan's presentation does a real service, providing the latest perspectives rather than a rehash of traditional, received accounts. His translations, which form the heart of this book, read smoothly and well. The introduction and the annotations are very well done and make this anthology one to be enjoyed, savored and learned from." Beata Grant. Washington University

This classic work by D.T. Suzuki, the man who brought Zen Buddhism to the West, is a book that challenges and inspires; it should benefit readers of all persuasions who seek to understand something of the nature of spiritual life.

Take Your Theological Education to the Next Level Deepen your biblical and theological knowledge without the time, expense, and formality of seminary. In this extensively updated book, discover all the major topics in a typical seminary master's program authoritatively taught by respected professors, authors, and leaders. This introduction to a biblical studies degree is ideal for the layperson or anyone in vocational ministry who lacks the time or finances to attend classes, who lives where formal training is unavailable, or whose previous education is primarily secular. Study what you want, when you want. Subjects include: · systematic theology · surveys of the Old and New Testaments · apologetics · world religions · church history · homiletics · leadership · Christian education · and more

A critical history of the study of Buddhism in the West, incorporating insights of colonial and post-colonial cultural studies. Social, political and cultural conditions that have shaped the course of Buddhist studies are discussed.

Shoot straight from the hip. Tell it like it is. Keep it real. We love these commands, especially in America, because they appeal to what we want to believe: that there's an authentic self to which we can be true. But while we mock Tricky Dick and Slick Willie, we're inventing identities on Facebook, paying thousands for plastic surgeries, and tuning in to news that simply verifies our opinions. Reality bites, after all, and becoming disillusioned is a downer. In his new book *Keep It Fake: Inventing an Authentic Life*, Eric G. Wilson investigates this phenomenon. Hedraws on neuroscience, psychology, sociology, philosophy, art, film, literature, and his own life to explore the possibility that there's no such thing as unwavering reality. Whether our left brains are shaping the raw data of our right into fabulous stories or we're so saturated by society's conventions that we're always acting out prefab scripts, we can't help but be phony. But is that really so bad? We're used to being scolded for being fake, but Wilson doesn't scold--because he doesn't think we need to be reprimanded. Our ability to remake ourselves into the people we want to be, or at least remake ourselves to look like the people we want to be, is in fact a magical process that can be liberating in its own way. Because if we're all a bunch of fakes, shouldn't we embrace that? And if everything really is fake, then doesn't the fake become real--really? In lively prose--honest, provocative, witty, wide-ranging (as likely to riff on Bill Murray as to contemplate Plato)--*Keep It Fake* answers these questions, uncovering bracing truths about what it means to be human and helping us turn our necessary lying into artful living.
