Are you looking for a great idea or some inspiration to start a new venture or to help you grow your existing business? This book contains 100 great business ideas, extracted from the world's best companies. Ideas provide the fuel for individuals and companies to create value and success. Indeed the power of ideas can even exceed the power of money. One simple idea can be the catalyst to move markets, inspire colleagues and employees, and capture the hearts and imaginations of customers. This book can be that very catalyst. Each idea is succinctly described and is followed by advice on how such an idea can be applied to the reader's own business situation. A simple but potentially powerful book for anyone seeking new inspiration and that killer application.

There's gone and then there's London-gone
...Marta Banks and her Tube Riders may have fled, but they left behind a city on the brink of collapse. In the violent wasteland of London Greater Urban Area, former Tube Rider David Silverwood tries to reunite the old members of the gang to make one last stand against the government. In his way is Dreggo, once a member of a rival gang but now the Governor's right hand, and Lindon, a member of the criminal stronghold known as the Tank, who is struggling with issues of loyalty towards revolution, the people protected by his organisation, and his dying girlfriend, Cah. Revisiting London in the period between Tube Riders: Exile and Tube Riders: Revenge, In the Shadow of London is a stunning addition to Chris Ward's Tube Riders series.
