'It's vital to remember who you really are . . . it isn't a good idea to rely on other people or things to do it for you, you see. They always get it wrong.' An eighth son of an eighth son is born, a wizard

squared, a source of magic. A sourcerer. Unseen University, the Discworld's most magical establishment, has finally got its wish: the emergence of a wizard more powerful than ever before. You'd think they would have been a little more careful what they wished for . . . As the sourcerer takes over the University and sets his sights on the rest of the world, only one wizard manages to escape his influence. Unfortunately for everyone, it's Rincewind. Once again the cowardly wizard must embark on a quest: to deliver a precious artefact - the very embodiment of magic itself - halfway across the Disc to safety. If he doesn't make it, the death of all wizardry is at hand. And the end of the world, depending on who you listen to. 'One of our greatest fantasists, and beyond a doubt the funniest' George R.R. Martin 'May well be considered his masterpiece . . . Humour such as his is an endangered species' The Times Sourcery is the third book in the Wizards series, but you can read the Discworld novels in any order.

All this books and stuff, that isn't what it should all be about. What we need is real wizardry. All is not well within the Unseen University. The endemic politics of the place have ensured that it has finally got what it wished for: the most powerful wizard on the disc. Which could mean that the death of all wizardry is at hand. And the world is going to end, depending on whom you listen to. Unless of

course one inept wizard can take the University's most precious artefact, the very embodiment of magic itself, and deliver it halfway across the disc to safety.

Sourcery, a hilarious mix of magic, mayhem, and Luggage, is the fifth book in Terry Pratchett's classic fantasy Discworld series. Rincewind, the legendarily inept wizard, has returned after falling off the edge of the world. And this time, he's brought the Luggage. But that's not all... Once upon a time, there was an eighth son of an eighth son who was, of course, a wizard. As if that wasn't complicated enough, said wizard then had seven sons. And then he had an eighth son - a wizard squared (that's all the math, really). Who of course, was a source of magic - a sourcerer. Will the sourcerer lead the wizards to dominate all of Discworld? Or can Rincewind's tiny band stave off the Apocalypse?

Includes "The Colour of Magic", "The Light Fantastic", "Sourcery" and "Eric".

As a punishment, failed wizard Rincewind is given the task of guiding and safeguarding the Disc's first tourist, Twoflower (with his magical luggage on legs). As they travel the city and beyond, they meet the world's oldest hero, Cohen the Barbarian. With him, and with Bethan (a qualified sacrificial victim), they encounter druids, trolls, adventurers, a hairdresser and a power-crazed wizard. Oh, and Death. But not fatally. Did we mention that Rincewind also has to save the world from destruction by a huge red star that will collide with the Discworld at Hogswatch? The Rince Cycle is mostly based on The Light Fantastic, with bits of The Colour of Magic and Sourcery added for good measure.

NOW UPDATED to include material on the Discworld books up to Raising Steam. Most of us grow up having always known to touch wood or cross our fingers, and what happens when a princess kisses a frog or a boy pulls a sword from a stone, yet sadly some of these things are now beginning to be forgotten. Legends, myths, fairytales: our world is made up of the stories we told ourselves about where we came from and

how we got there. It is the same on Discworld, except that beings which on Earth are creatures of the imagination - like vampires, trolls, witches and, possibly, gods - are real, alive and in some cases kicking on the Disc. In *The Folklore of Discworld*, Terry Pratchett teams up with leading British folklorist Jacqueline Simpson to take an irreverent yet illuminating look at the living myths and folklore that are reflected, celebrated and affectionately labelled in the uniquely imaginative universe of Discworld.

"*The Rincewind Trilogy*" is a bumper volume containing the complete text of two novels and one novella, all starring one of the Discworld's most popular characters: the Wizard Rincewind and his irrepressible - and quite intractable - Luggage.
