The golden dragon woke up this morning, buried deep beneath the city of Boston, with no idea how he got there, and no idea how humanity grew so fast, and learned so much while he was away. What did you love best about Tesser: A Dragon Among Us? This book is told from an incredibly unique perspective. The dragon, Tesser, is an almost timeless entity that is far more than a big flying reptile that breathes fire. I loved how he experiences the modern day world through ancient eyes.

I'm an odd dude. But I write some decent stuff, and here's my way of sharing my odd dude thoughts. I'm the author of three 'major' series; Adrian's Undead Diary, Elmoryn's The Kinless Trilogy, and the Reemergence Novels, the first of which is Tesser: A Dragon Among Us. This particular version is the print version. To help folks get a taste of my writing, I've put At Least He's Not On Fire together. Inside this wonderful tome of my words, you'll find a healthy sized sampler of each of my major works, as well as several short stories that are mixed in for your entertainment. All in, Hell Hole, and The Vampire of Menlo Park are all great fun, and I hope you enjoy them. Dark Recollections: Book One of Adrian's Undead Diary Beheading a zombie isn't easy in a world where you're more afraid of the living than the dead. Adrian Ring's simple life is thrown into chaos when the world is ripped apart by a plague of undead and legions of desperate survivors. Retreating to Auburn Lake Preparatory Academy, Adrian attempts to rescue friends and family on the way while dancing around his impending insanity over who and what he left behind, and evading maniac survivors. He saves his cat Otis, but shoots his mom. Pretty successful, all things considered. Dark Recollections is the first part of Adrian's own story of how he survived after "That Day." Told through his eyes as he talks to his laptop, affectionately named 'Mr. Journal,' and through short stories that entwine with his tales that bring forth dark visions of a world being eaten alive by an unimaginable evil. Adrian's Undead Diary is an eight part epic about a solitary, guilt stricken man that didn't think he deserved to live, but realizes very soon that he survived, and suffered for a reason. The Wrath of the Orphans: Book One of The Kinless Trilogy Malwynn and his twin sister Umaryn live in a small town in northern Varrland. In idyllic New Picknell nearly nothing happens, and when their day to day routine is interrupted by a skirmish between an invading patrol of the dead from The Amaranth Empire and a defending force from Varrland, their world begins to come undone. With international war looming on the horizon New Picknell becomes the center of quite unwanted attention, and the twins have their world shattered. With nothing left to lose, they set out on a mission of vengeance that will take them to places they'd never dreamed of visiting, discovering mystical powers in The Way that will change their lives forever, and revealing dark knowledges best left undiscovered. A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Adrian forgave himself. The undead have been banished and he's accepted the love of friends, family, and some strangers. He's started a better life. Bastion grows day after day as pilgrims come to put down roots near the vaunted Trinity. Crops are growing, babies are being born, supplies are being salvaged, restful dreams are being had, and there's even talk that the government is surfacing to reform. All his problems should be getting better now, right? But some battles begin after the last shot is fired. They call themselves The Northern Valley Cooperative. Adrian's known about them for years. Always on his fringe, never in his face, they built a fortress out of a ski resort, and brought everyone near them to heel. And now, with winter bearing down on Adrian's world, the NVC is marching south. Are they friends, or are they foes? Either way, Adrian's got a loaded gun on his hip, and he's surrounded by people he'd die for. He just might. The Dealer of Hope contains Adrian's Journal entries from September 21st, 2013 through November 30th, 2013. It also contains the side fictions Desperation, Junkyard Dogs, Strange Bedfellows, No One's Home, A City Laid Asunder, and One Last Hurrah.

A boy and his father walk on the shore of an ocean filled with bloody spears cast off from a war between gods. A father travels back in time over and over, unable to rescue the mother of his child, but then... A mischievous satyr lurking in a dungeon has a field day with trespassing adventurers. A mirror sits in the lobby of an ancient palace, and twice a year under the light of the moon you can walk through it to another world. But at what cost? These tales and more are in Resurrections; a compilation of short stories written by Chris Philbrook, author of Tesser: A Dragon Among Us, Adrian's Undead Diary, and The Kinless Trilogy.

Tesser, dragon of life, immortal force of Earth, has his hands full. He's a father to a dragon child that's about to turn one. A dragon child that smiles, laughs, knows a few words, and is the source for all magic on Earth. So long as he has Matty--Astrid's mom, and the love of his very long life--everything will be okay. So they're gonna party with the trolls, who celebrate Matty's distant troll lineage like she's one of their own, and you best believe they celebrate the dragon child that shares a tiny bit of their blood too. But not all trolls are happy with their situation

beneath the Jotunheimen Mountains in Norway. Some of the ancient monsters want change; some hate it. All are nervous, and excited. But some forces in the caverns of Ygg'rasgard want change that requires blood to be spilled, and for a little girl to be taken from her mother, and father. And deeper still, other forgotten forces stir.

Welcome to the Second Edition of the post apocalyptic epic. Beheading a zombie isn't easy in a world where you're more afraid of the living than the dead. Adrian Ring's simple life is thrown into chaos when the world is ripped apart by a plague of undead and legions of desperate survivors. Retreating to Auburn Lake Preparatory Academy, Adrian attempts to rescue friends and family on the way while dancing around his impending insanity over who and what he left behind, and evading maniac survivors. He saves his cat Otis, but shoots his mom. Pretty successful, all things considered. Of course, his sanity takes a hit as a result. Real, flawed, and raw, Dark Recollections is the first part of Adrian's own story of how he survived after "That Day." Told through his eyes as he talks to his laptop, affectionately named 'Mr. Journal,' and through short stories that entwine with his tales that bring forth dark visions of a world being eaten alive by an unimaginable evil. Adrian's Undead Diary is an eight part epic about a solitary, guilt stricken man that didn't think he deserved to live, but realizes very soon that he survived, and suffered for a reason. Dark Recollections is the first book in the AUD series. It covers Adrian's journal entries from September 21st 2010, to December 1st, 2010. Intermingled with his personal diary entries, book one also contains the short stories Phil's Story, McGreevy's Report, and Soccer Mom. The second edition of the book contains slight revisions to the table of contents, a new foreword by the author, and some editorial revisions.

Like a brick at a birthday cake. Shoreham Port in Brighton England has been secured by Adrian Ring alongside his friends, with the five Navy ships that made the trans-Atlantic voyage to find the European Trinity. He must find the Soul, the Scribe, and the Warden and get them on their path, as he walked his, but there are obstacles. The undead in Europe are faster and stronger than anything they've encountered, and the survivors here are hungry, and desperate for help. They can't fight every zombie, but each one they pass could be a lethal threat to their own people, or to the locals who've fought hard to survive. Luckily, he encounters a small, well-armed group of car-equipped survivors, led by a friendly man calling himself Chief, who dwarfs even the burly Adrian. They decide to work together to procure ground vehicles for the march north. But Chief isn't the savior he's pretended to be, and there are far more monsters roaming in the dark of the old world than Adrian is prepared to face. Dead Cities contains Adrian's Journal entries from September 9th, 2014 through November 27th, 2014. It also contains the side fictions; The Ghost in the Boiler Room, Rachel and Mara, Fetters, Sanctuary, and Ernest Goes for a Walk.

Welcome to the Third Novel in The Reemergence. Baby Astrid and the magic that she is grows older, and around her all things ancient awaken, changing the modern world, and not always for the better. Abe Fellows--recent graduate of Quantico and newly minted agent of Tapper--is sent to London to investigate a series of bizarre mutations that seem to have been infected by an arcane virus. All creatures great and small flee the waters of the eastern Atlantic, fleeing panicked and mindless to escape an unknown threat that comes from an unknown place and time, and Fyelrath brooks no assault on her domain. The dragon of water joins Abraham in his hunt for answers as threats emerge from the city as well as the deep. And it's only a matter of time before the eldritch threat rises up from its slumber, and consumes Earth. Again.

Adrian Ring and evil don't get along. When he can't be corrupted, turned, or forced to give up, evil will target those around him, including the family he had thought was dead. In book six of Adrian's Undead Diary, no one near Adrian is safe. Many will make the ultimate sacrifice to ensure that he can keep his loved ones protected at any cost, and rebuild a new, better world. In the Arms of Family also follows Kevin and Michelle as their stories entwine and bring them ever closer to the horrors that surround Adrian across the vast Atlantic Ocean. How long can they survive before the dead finish what they came to do? Book Six of the massive Adrian's Undead Diary post apocalyptic zombie epic is here at last! In the Arms of Family contains Adrian's journal entries from June 23rd, 2011 through August 30th, 2011. It also is the home for Under the Moroccan Sun, The Great Fire, Becca, and Paranoia Island.
