Take an evidence-based approach to leadership. Learn the skills you need to lead and succeed in the dynamic healthcare environments in which you will practice. From leadership and management theories through their application, you'll develop the core competences you need to provide and manage care of the highest quality to your patients. You'll also be prepared for the initiatives that are transforming the delivery and cost effectiveness of health care today.

The Truth About Managing People offers real solutions for the make-or-break problems faced by every manager. Readers will discover: how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve hiring and employee evaluations; how to heal layoff survivor sickness; even how to learn charisma. This isn't someone's opinion; it's a definitive, evidence-based guide to effective management: a set of bedrock principles to rely on throughout an entire management career. The Rules of Management: They're surprisingly easy to learn and live by. Now, Richard Templar's brought them all together in one place. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't) -- and recognize when they really do The first edition

of The Rules of Management became a global phenomenon, topping bestseller charts around the world. This new, even better edition contains 10 brand new rules to take you further, faster. In *Wired to Care*, top business strategist Dev Patnaik tells the story of how organizations of all kinds prosper when they tap into a power each of us already has: empathy, the ability to reach outside of ourselves and connect with other people. When people inside a company develop a shared sense of what's going on in the world, they see new opportunities faster than their competitors. They have the courage to take a risk on something new. And they have the gut-level certitude to stick with an idea that doesn't take off right away. People are *Wired to Care*, and many of the world's best organizations are, too.

M: Management by Bateman/Snell is the fastest growing Principles of Management textbook on the market. Bateman/Snell is written from the ground up to be brief, lean, and flexible enough to enable you to cover just the topics you want at the level of depth you want, while still maintaining the integrity of the content. Plus, it does not inherit outdated examples from a hardback derivative. With market-leading teaching support and the most up to date content available, M: Management represents the best value available in the brief Principles of Management market. What sets Bateman/Snell apart? An unrivaled mixture of student-focused current content and the best teaching support around.
