A Beautiful Mind (2001) - IMDb

We continue in our series on marriage, and today we focus on what it means for a wife to be submissive to her husband. I am very eager that men and women, single and married, old and young (including children) hear this as a call to something strong and noble and beautiful and dignified and worthy of a woman's highest spiritual and moral efforts.

Marriage is hard work! When Sandy Ralya's marriage was in trouble, she was desperate for help but didn't know how to ask for it. Everyone else's marriage seemed so perfect. How could she admit hers was not? Sandy eventually sought guidance from godly mentors and Christian counselors. What she learned transformed her life, and then her marriage. Now, she wants to provide other wives with the same nurturing and mentoring that saved her relationship. Whether your marital struggles are few or many, The Beautiful Wife offers biblical principles, practical tips, and inspiring stories to guide and encourage you as you look for God's best in your marriage. - Back cover.

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-

hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

Jason Cavendish, the Earl of Coventry, needs to discreetly locate his unwanted and abandoned bride among London society to request an annulment. Too bad he can't remember what she looks like because he was blind drunk at his arranged wedding and hasn't seen her since. And there's the lovely Lady Olivia that he can't seem to get off his mind... Newly arrived from the country for the Season, Lady Olivia is appalled to discover that her own husband, Lord Coventry, doesn't even recognize her. She's not about to tell the arrogant arse she's his wife. Instead, she flirts with him by night and has her modiste send her mounting bills to him by day. Hell hath no fury like a woman scorned... too bad this woman finds her husband nearly irresistible. The Marriage Mart Mayhem series is best enjoyed in order. Reading Order: Book #1 The Elusive Wife Book #2 The Duke's Quandary Book #3 The Lady's Disgrace Book #4 The Baron's Betrayal Book #5 The Highlander's Choice Book #6 The Highlander's Accidental Marriage Book #7 The Earl's Return

While observing exotic animal trainers for her acclaimed book *Kicked, Bitten, and Scratched*, journalist Amy Sutherland had an epiphany: What if she used these training techniques with the human animals in her own life—namely her dear husband, Scott? In this lively and perceptive book, Sutherland tells how she took the trainers' lessons home. The next time her forgetful husband stomped through the house in search of his mislaid car keys, she asked herself, "What would a dolphin trainer do?" The answer was: nothing. Trainers reward the behavior they want and, just as important, ignore the behavior they don't. Rather than appease her mate's rising temper by joining in the search, or fuel his temper by nagging him to keep better track of his things in the first place, Sutherland kept her mouth shut and her eyes on the dishes she was washing. In short order, Scott found his keys and regained his cool. "I felt like I should throw him a mackerel," she writes. In time, as she put more training principles into action, she noticed that she became more optimistic and less judgmental, and their twelve-year marriage was better than ever. What started as a goofy experiment had such good results that Sutherland began using the training techniques with all the people in her life, including her mother, her friends, her students, even the clerk at the post office. In the end, the biggest lesson she learned is that the only animal you can truly change is yourself. Full of fun facts, fascinating insights, hilarious anecdotes, and practical tips, *What Shamu Taught Me About Life, Love, and Marriage* describes Sutherland's Alice-in-Wonderland experience of stumbling into a world where cheetahs walk nicely on leashes and elephants paint with watercolors, and of leaving a new, improved *Homo sapiens*.

The volume publishes papers read at the ninth International Conference on the Deuterocanonical Books, Budapest, 2012. The title of the conference and the issuing volume covers an, on the one hand, extremely important and, on the other hand, regrettably neglected aspect particularly of the ancient Jewish and Christian traditions. Traditional manifestations of both Judaism and Christianity are predominantly masculine theological constructions. Despite their harsh masculine orientation, however, neither Judaism nor Christianity lacks elaboration on the female principle. When an ancient author chooses female imagery in order to make his message more emphatic, the female body as such forms an integral part of their metaphors. The contributions in this volume explore this phenomenon within the literature of early Judaism, and within its broad environments.

If Cleopatra's nose had been half an inch longer, neither Caesar nor Mark Antony would have fallen in love with her. *It: A History of Human Beauty* treats outstanding physical attractiveness as a quality or possession, comparable to power, intelligence, strength, wealth, education or family, that had a marked effect on history. Beauty in men and women opened opportunities to its possessors not available to the ordinary looking or ugly. While in the past women have had to use the lure of sex to achieve power or wealth, epitomised by royal mistresses or the *Grandes Horizontales* of the nineteenth century, modern film stars (male and female) can acquire great wealth simply by the use of their images, while attractiveness on television is an essential modern qualification for power, as shown by Ronald Reagan and Tony Blair.

This important study provides the only comprehensive survey of Chinese women during the early medieval period of disunion known as the Six Dynasties, which lasted from the fall of the Eastern Han dynasty in AD 220 to the reunification of China by the Sui dynasty in AD 581.
