Another good thing about this book is, I found it didn't link to the first book, The Enemy, until a small part at the end, so if you havent read the Enemy you don't really need to worry. Enemy Book Series Charlie Higson Collection 7 Books Set includes titles in this set :- The Enemy, The Dead, The Fear, The Sacrifies, The Fallen, The Hunted, The End. Description:- The Enemy Charlie Higson's The Enemy is the first in a jaw-dropping zombie horror series for teens.

The disease only affects people sixteen or older. It starts with the symptoms of a cold. Then the skin begins to itch, and spots appear--spots that soon turn into pus-filled boils. But the worst part is the headache, the inner voices that tell you that you need to eat them . . . the young ones. When the Disaster strikes, the world turns upside down for Ed, Jack, Bam and the other students at Rowhurst School. The parents and older siblings they left back at home are dead--or worse. Once the teachers go on the attack, the kids know it's time to escape and make their way to the city. It's got to be better in London . . . or will it be worse?

In the wake of a devastating disease, everyone sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over--the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, The Enemy is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

The group of kids living a Waitrose supermarket is beginning to run out of options. Full of unexpected twists and quick-thinking heroes, The Enemy is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

THE DEAD begins one year before the action in THE ENEMY, just after the Disaster. A terrible disease has struck everyone sixteen and over, leaving them either dead or a decomposing, flesh-eating creature. The action starts in a boarding school just outside London, where all the teachers have turned into sickos. A few kids survive and travel by bus into the city. The bus driver, an adult named Greg, seems to be unaffected by the disease. Then he begins to show the dreaded signs: outer blisters and inner madness. The kids escape Greg and end up at the Imperial War Museum. A huge fire in South London drives them all to the Thames, and eventually over the river to the Tower of London. It is there they will meet up with the kids in THE ENEMY in Book 3, THE FEAR.

The sickness infected everyone sixteen and over, and no one escaped its terror. Now kids all over London are forming allegiances and battling grown-ups in order to survive. But who is a friend and who is an enemy?

The Enemy is among us . . . First the sickness rotted the adults' minds. Then their bodies. Now they stalk the streets of London, hunting human flesh. The Holloway crew are survivors. They've fought their way across the city and made it to the Natural History Museum alive--just barely. But their fight will never end while the Enemy lives, unless there's another way. . . . The kids at the museum are looking for a cure. All they need are medical supplies. To get them they must venture down unfamiliar streets, where it isn't only crazed, hungry sickos who lurk in the shadows. In this fifth terrifying entry in Charlie Higson's Enemy series, suddenly it's not so clear who--or what--the enemy is.

When the sickness came, every parent, every policeman, every politician...everyone over 16 years old fell ill. The lucky ones died. The rest begin to decompose, becoming crazed, confused, and hungry for young flesh. Now, every child and teen must fight for survival against the ferocious adults who hunt them in packs, like wild dogs. In the first three books of Charlie Higson's??s hit series, desperate groups of children in London struggle to find a safe place to live and a way to survive in this new world where death roams the streets.

In London, after a worldwide sickness infects adults, turning them into zombie-like creatures, DogNut and his crew embark on a deadly mission to find missing friends, as hungry, bloodthirsty grownups lie in wait.

They'll chase you. They'll rip you open. They'll feed on you . . . The Sacrifice (Book 4) Small Sam and his unlikely ally, The Kid, have survived. They're safe with Ed and his friends at the Tower of London, but Sam is desperate to find his sister. Their search for Ella means Sam and The Kid must cross the forbidden zone. And what awaits them there is more terrifying than any of the horror they've suffered so far . . . The Fallen (Book 5) The Holloway crew are survivors. They've fought their way across London and made it to the Natural History Museum alive - just. But the fight will never end while the Enemy lives . . . The kids at the museum are looking for a cure. All they need are medical supplies. To get them means a journey down unknown roads. Suddenly it's not so clear who - or what - they're fighting. The Hunted (Book 6) The others had promised that the countryside would be safer than the city. They were wrong. Now Ella's all-alone except for her silent rescuer, Scarface - and she's not even sure if he's a kid or a grown-up. Back in London, Ed's determined to find her. But getting out of town's never been more dangerous- because coming in the other direction is every SICK0 in the country.
