Seventeen-year-old Lea Lane must navigate a complex web of friendships and relationships after she and her mother move into the guest cottage of the fabulously wealthy West family in Honolulu.

"When Mele Bart told her boyfriend Bobby she was pregnant with his child, he stunned her with an announcement of his own: he was engaged to someone else. Fast forward two years: Mele's daughter is a toddler, and Bobby and his fiancaee want Ellie to be the flower girl at their wedding. Mele, who also has agreed to attend the nuptials, knows she can't continue obsessing about Bobby and his cheese making, Napa-residing fiancaee. She needs something to do. So she answers a questionnaire provided by the San Francisco Mommy Club in elaborate and shocking detail and decides to enter their cookbook writing contest"--Amazon.com.

A compulsively readable story that celebrates the awkward complexity of teenage relationships--with their families, and with each other, from the New York Times bestselling author of *The Descendants*. Annie Tripp has everything she needs--Italian sweaters, vintage chandelier earrings, and elite ice skating lessons--but all that changes when her father is accused of scamming hundreds of people out of their investments. Annie knows her dad wasn't at fault, but she and her brother are exiled to their estranged aunt and uncle's house in a run-down part of Breckenridge--until the trial blows over. Life with her new family isn't quite up to Annie's usual standard of living, but surprisingly, pretending to be someone else offers a freedom she's never known. As Annie starts to make real friends for the first time, she realizes she has more in common with her aunt and uncle than she ever wanted to know. As the family's lies begin to crumble and truths demand consequences, Annie must decide which secrets need to see the light of day . . . and which are worth keeping.

In a series of tales featuring complex upper-class Hawaiian families, a single mother discovers an adult magazine in her son's room, a man struggles to

understand his wife's abandonment, and a son is disillusioned by his father.

What happens when the tidy, prosperous life of an urban couple is turned inside out by a tragedy with unexpected consequences? After a car crash leaves their friend Marcus dead and his wife Sarah in a coma, Ana and James are shocked to discover that they have become the legal guardians of a 2½-year-old, Finn. Finn's crash-landing in their lives throws into high relief deeply rooted, and sometimes long-hidden, truths about themselves, both individually and as a couple. Several chaotic, poignant, and life-changing weeks as a most unusual family give rise to an often unasked question: Can everyone be a parent?

In a single week, a family leaves behind its past and a daughter awakens to the future in Emily Chenoweth's intimate and beautifully crafted debut novel. In the winter of 1990, Helen Hansen—counselor, wife, and mother in the prime of her life—is diagnosed with an inoperable brain tumor. The following August, Helen, her husband, Elliott, and their daughter, Abby, a freshman in college, take a trip to northern New Hampshire, where Helen will be able to say goodbye to a lifetime of friends. Ensnared in a historic resort in the White Mountains—a place where afternoon cocktails are served on the veranda and men are expected to wear jackets after six—the Hansens and their guests must improvise their own rituals of remembrance and reconnection. For Elliott, the trip is a parting gift to his beloved wife, as well as some needed respite from the caretaking duties that have become his main work. For Helen and the procession of old friends who come to pay their respects, the days offer a poignant celebration of a dear, too-brief life. And for Abby, still unaware that her mother's cancer is terminal, the week brings a surprising conflict between loyalty and desire as, drawn by the youthful, spirited hotel staff, she finds herself caught between the affections of two very different young men. Heartbreaking and luminous, *Hello Goodbye* deftly explores a family's struggle with love and loss, as a summer vacation becomes an occasion for awakening rather than farewell, and life inevitably blossoms in the face of death.

Falling madly in love and beginning what she believed would be the perfect marriage with Hollywood leading man Alex Rivers, renowned anthropologist Cassie Barret is heartbroken when their fairy-tale romance falls apart. Reissue.
