she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize–winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the

constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

This unnerving work is a contemplation of the middle-class existence in a changing world, narrated by an unstable man held hostage by his deteriorating mental state. The story begins with the unhappy marriage of junior clerk Earl Summerfield to the much older Bianca. Feeling victimized by his cold wife and mocking superiors at work, Earl decides to

keep a diary, a chronicle of his apparently crumbling marital relations, the paranoia and abuses he is seemingly forced to tolerate at work, and the world around him going to pieces in 1960's San Francisco. What he sees, what he says, what he wants to say – everything swarms his head and consciousness, inciting and fueling fantasies of love, ambition, and avenging the violent crimes with which he was become obsessed. His angry and unstable mind alternates between feelings of apprehension and disgust, and exploring his own violent, sexual fantasies, and Earl takes action first by breaking into other peoples' houses and then fixating on various women, before settling with utmost and troubling certainty on the local beauty queen, Mara St. John's.

Macomber). Emily and Sarah Marshall are cleaning out their dying mother's attic when Emily finds an old leather diary. Their mother's handwriting on the yellowed pages takes them back to a small Nebraska town in the summer of 1951, where sheltered, almost-engaged Elizabeth Harvey is swept into a clandestine romance with AJ, her rebellious childhood friend. When AJ becomes the prime suspect in a neighborhood fire, Elizabeth has to make the most difficult decision of her young life and choose between passionate but unpredictable AJ and her stable, longtime beau, Bob. Shocked to learn that their mother was in love with a man other than their father, Emily and Sarah must confront painful truths about their mother, their father, and ultimately, themselves. Moving and uplifting, with a surprise ending

readers won't see coming, *The Diary* is a novel about the mysteries of romantic love and the unassailable bond between parents and children.

This work offers a new portrayal of Queen Maria Carolina of Naples as a woman of power with weaknesses and ambitions, and analyzes the Queen's actions, from her political choices to her alliance and betrayals. A careful examination of the period (1781-1785) covered by the diary shows that the daily life of the Queen and offers key evidence of her political acumen and her personal relationships. Recca cross-analyses unpublished personal documents, which include the integral diary and private correspondence. The book focuses on the political influence that Queen Maria

Carolina wielded beside her husband, King Ferdinand IV, and the criticism that has been made by contemporary historians and intellectuals who have often tended to discredit the sovereign for personal rather than political reasons.

Reproduction of the original: *The Diary of an Ennuyée* by Mrs. Jameson

Richard Le Gallienne's elegant abridgment of the Diary captures the essential writings of Samuel Pepys (1633–1703), a remarkable man who witnessed the coronation of Charles II, the Great Plague of 1665, and the Great Fire of 1666. Originally scribbled in a cryptic shorthand, Pepys's quotidian journal of life in Restoration London
