SALEM has long been notorious for the witch trials of 1692. But a hundred years later it was renowned for very different pursuits: vast wealth and worldwide trade. Now *Death of an Empire* tells the story of Salem's glory days in the age of sailing, and the murder that hastened its descent. When America first became a nation, Salem was the richest city in the republic, led by a visionary merchant who still ranks as one of the wealthiest men in history. For decades, Salem connected America with the wider world, through a large fleet of tall ships and a pragmatic, egalitarian brand of commerce that remains a model of enlightened international relations. But America's emerging big cities and westward expansion began to erode Salem's national political importance just as its seafaring economy faltered in the face of tariffs and global depression. With Salem's standing as a world capital imperiled, two men, equally favored by fortune, struggled for its future: one, a progressive merchant-politician, tried to build new institutions and businesses, while the other, a reclusive crime lord, offered a demimonde of forbidden pleasures. The scandalous trial that followed signaled Salem's fall from national prominence, a fall that echoed around the world in the loss of friendly trade and in bloody reprisals against native peoples by the U.S. Navy. *Death of an Empire* is an exciting tale of a remarkably rich era, shedding light on a little-known but fascinating period of American history in which characters such as Nathaniel Hawthorne, John Quincy Adams, and Daniel Webster interact with the ambitious merchants and fearless mariners who made Salem famous around the world.

Hundreds of thousands of individuals perished in the epic conflict of the American Civil War. As battles raged and the specter of death and dying hung over the divided nation, the living worked not only to bury their dead but also to commemorate them. President Abraham Lincoln's Gettysburg Address perhaps best voiced the public yearning to memorialize the war dead. His address marked the beginning of a new tradition of commemorating American soldiers and also signaled a transformation in the relationship between the government and the citizenry through an embedded promise and obligation for the living to remember the dead. In *Death at the Edges of Empire* Shannon Bontrager examines the culture of death, burial, and commemoration of American war dead. By focusing on the Civil War, the Spanish-Cuban-American War, the Philippine-American War, and World War I, Bontrager produces a history of collective memories of war expressed through American cultural traditions emerging within broader transatlantic and transpacific networks. Examining the pragmatic collaborations between middle-class Americans and government officials negotiating the contradictory terrain of empire and nation, *Death at the Edges of Empire* shows how Americans imposed modern order on the inevitability of death as well as how they used the war dead to reimagine political identities and opportunities into imperial ambitions.

DEATH OF AN EMPIRE— THE LEGEND OF MERLIN CONTINUES Merlin is the product of a brutal rape. Determined to uncover his father's identity, he sets sail from Celtic Britain with his band of loyal companions. Their journey through war-ravaged France, Rome, and Ravenna to Constantinople will push their strength to the limit and shape Merlin's reputation as a great healer. The Roman Empire is under attack. Bound by an oath to relieve suffering the talented apothecary saves thousands of warriors from total destruction. A bloodier conflict between opposing

powers arises, and Merlin must use all his resolve if he wishes to survive the death of an empire. M. K. Hume has won the praise of readers and critics alike with her original take on the beloved and enduring Merlin legend. Her background in Arthurian literature lends historical accuracy to a trilogy wrought with passion, heart, and adventure.

The Emperor is dead. Long live the Empire. General Bordan has a lifetime of duty and sacrifice behind him in the service of the Empire. But with rebellion brewing in the countryside, and assassins, thieves and politicians vying for power in the city, it is all Bordan can do to protect the heir to the throne. Apprentice Magician Kyron is assigned to the late Emperor's honour guard escorting his body on the long road back to the capital. Mistrusted and feared by his own people, even a magician's power may fail when enemies emerge from the forests, for whoever is in control of the Emperor's body, controls the succession. Seven lives and seven deaths to seal the fate of the Empire.

Life, Death, and Entertainment gives those who have a general interest in Roman antiquity a starting point informed by the latest developments in scholarship for understanding the extraordinary range of Roman society. Family structure, gender identity, food supply, religion, and entertainment are all crucial to an understanding of the Roman world. As views of Roman history have broadened in recent decades to encompass a wider range of topics, the need has grown for a single volume that can offer a starting point for these diverse subjects, for readers of all backgrounds. This collection fills such a need by uniting a series of general introductions on each of these topics for the non-specialist. Each essay brings readers into contact with broadly ranging evidence, as well as with a wide variety of approaches that are needed to study basic questions about the Roman world. Essays explore the Roman family, gender definition, demography, Roman food supply, Roman religion, and the wide variety of public entertainments throughout the empire. The volume brings together an unparalleled range of methodologies and topics. It will enable the modern reader to understand the Roman world in all its complexity. The general reader will welcome this approachable and timely text. Contributors to the volume include Greg Aldrete, Hazel Dodge, Bruce W. Frier, Maud Gleason, Ann Hanson, David Mattingly, and David Potter. D. S. Potter is Arthur F. Thurnau Professor of Greek and Latin, University of Michigan. D. J. Mattingly is Professor of Roman Archaeology, University of Leicester.

Following the death of Andy Warhol, those closest to him have been caught up in a battle to control the paintings, prints and films that comprise his \$600 million estate. This work looks at the future of this legacy and provides an insight into New York's creative community.

AD 60. Britannia. The Boudica Revolt begins . . . Macro and Cato - heroes of the Roman Empire - face a ruthless enemy set on revenge The Roman Empire's hold on the province of Britannia is fragile. The tribes implacably opposed to Rome have grown cunning in their attacks on the legions. Even amongst those who have sworn loyalty, dissent simmers. In distant Rome, Nero is blind to the danger. As hostilities create mayhem in the west, Governor Gaius Suetonius Paulinus gathers a vast army, with Prefect Cato in command. A hero of countless battles, Cato wants his loyal comrade Centurion Macro by his side. But the Governor leaves Macro

Read PDF The Empire Of Death A Cultural History Ossuaries And Charnel Houses Paul Koudounaris

behind, in charge of the veteran reserves in Camulodunum. Suetonius dismisses concerns that the poorly fortified colony will be vulnerable to attack when only a skeleton force remains. With the military distracted, slow-burning anger amongst the tribespeople bursts into flames. The king of the Iceni is dead and a proud kingdom is set for plundering and annexation. But the widow is Queen Boudica, a woman with a warrior's heart. If Boudica calls for death to the emperor, a bloodbath will follow. Macro and Cato each face deadly battles against enemies who would rather die than succumb to Roman rule. The future of Britannia hangs in the balance. SIMON SCARROW: 5 MILLION BOOKS SOLD WORLDWIDE!

At the turn of the twentieth century, Alexandria, Egypt, was a bustling transimperial port city, under nominal Ottoman and unofficial British imperial rule. Thousands of European subjects lived, worked, and died there. And when they died, the machinery of empire had to negotiate for space, resources, and control with the nascent national state. *Imperial Bodies* shows how the mechanisms of death became a tool for exerting both imperial and national governance. Shana Minkin investigates how French and British power asserted itself in Egypt through local consular claims of belonging manifested within the mundane caring for dead bodies. European communities corralled imperial bodies through the bureaucracies and rituals of death—from hospitals, funerals, and cemeteries to autopsies and death registrations. As they did so, imperial consulates pushed against the workings of both the Egyptian state and each other, expanding their governments' material and performative power. Ultimately, this book reveals how European imperial powers did not so much claim Alexandria as their own, as they maneuvered, manipulated, and cajoled their empires into Egypt.

"Visceral battles, complex politics, and fascinating worldbuilding bring Devin's words to life."—Anna Stephens, author of *Godblind* War rages as one empire falls and another rises in its ashes in the action-packed sequel to Devin Madson's bold epic fantasy, *We Ride the Storm*. There is no calm after the storm. In Kisia's conquered north, former empress Miko Ts'ai is more determined than ever to save her empire. Yet, as her hunt for allies grows increasingly desperate, she may learn too late that power lies not in names but in people. Dishiva e'Jaroven is fiercely loyal to the new Levanti emperor. Only he can lead them, but his next choice will challenge everything she wants to believe about her people's future. Abandoned by his Second Swords, Rah e'Torin must learn to survive without a herd. But honor dictates he bring his warriors home—a path that could be his salvation or lead to his destruction. And sold to the Witchdoctor, Cassandra Marius' desperate search for a cure ties her fate inextricably to Empress Hana and her true nature could condemn them both. Get swept into the thrilling continuation of a bold and brutal epic fantasy series, perfect for readers of Mark Lawrence, John Gwynne, and Brian Staveley. Praise for *The Reborn Empire*: "Imaginative worldbuilding, a pace that builds perfectly to a heart-pounding finale and captivating characters. Highly recommended." —John Gwynne, author of *The Shadow of the Gods* "A complex tale of war, politics, and lust for power." —The Guardian *The Reborn Empire We Ride the Storm We Lie with Death We Cry for Blood For more from Devin Madson, check out: The Vengeance Trilogy The Blood of Whisperers The Gods of Vice The Grave at Storm's End*
