THE GENERALS is the compelling second novel in Simon Scarrow's bestselling Wellington and Napoleon quartet. A must read for fans of Bernard Cornwell. In the turbulent aftermath of the French Revolution Napoleon Bonaparte stands accused of treachery and corruption. His reputation is saved by his skill in leading his men to victory in Italy and Egypt. But then he must restore order in France and find peace or victory over her enemies: England - and Arthur Wellesley (the future Duke of Wellington). Wellesley is leading a vast army in India, where British interests are under threat. The campaign will result in the creation of the Raj - the jewel in the British Empire's crown. Wellesley returns

to England a hardened veteran and more determined than ever to end France's domination of Europe. Both Wellesley and Napoleon intend to win - whatever the cost. Who will ultimately succeed?

Excerpt from Memoirs of Simon Bolivar, Vol. 1 of 2: President Liberator of the Republic of Colombia; And of His Principal Generals; Comprising a Secret History of the Revolution, and the Events Which Preceded It, From 1807 to the Present Time He has been occupied in pursuing this subject more than five years; and as these Memoirs, now respectfully submitted to the public, contain a great many facts hitherto unpublished, the author hopes they will not prove to be without some interest to the reader. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. This concise history of guerilla warfare presents profiles in combat courage from George Washington to Simón Bolívar, Mao Zedong, and beyond. The concept of guerrilla warfare is centuries old, with Sun Tzu's writing on the subject dating back to the sixth century BC. One of the earliest recorded examples of guerrilla tactics deployed by a military leader was the campaign of Roman general Fabius Maximus, who took a course of evasion and harassment against Hannibal's columns. Guerilla Warfare is a compendium of prominent guerrilla leaders across the globe, from thirteenth-century Scotland's William Wallace to modern-day Sri Lanka's Velupillai Prabhakaran. It profiles each leader to analyze their personal history, military tactics, and political strategy. All are home-grown leaders of extended guerrilla campaigns. Many became the first leaders of their liberated countries. Both victories and defeats are included here in an analysis of effective guerrilla tactics as well as counterinsurgency strategies. Today, the labels of insurgent, freedom fighter, and jihadi are fast replacing guerrilla. The old notion of the guerrilla, associated with fights for independence and the end of colonialization, has dimmed with modern and far-reaching religious insurgencies taking their place. This concise history gives a fascinating overview of a once history-altering form of warfare.

A "deeply researched and bracing retelling" (Annette Gordon-Reed, Pulitzer Prize-winning historian) of the American Revolution, showing how the Founders were influenced by overlooked Americans—women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a "spirited account" (Gordon S. Wood, Pulitzer Prize-winning author of *The Radicalism of the American Revolution*) that explores countless connections between the Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. "It is all one story," prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on marginalized Americans—enslaved Africans and African Americans, Native Americans, women, and dissenters—and on overlooked factors such as weather, North America's unique geography, chance, misperception, attempts to manipulate public opinion, and (most of all) disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking

part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a “must-read book for understanding the founding of our nation” (Walter Isaacson, author of *Benjamin Franklin*), from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn—for example, Holton makes a convincing case that Britain never had a chance of winning the war—this majestic history revivifies a story we thought we already knew.

Simon Schama's extraordinary novel in a new stage adaptation by Caryl Philips. As the American War of Independence reaches its climax, a plantation slave and a British Naval Officer embark on an epic journey in search of freedom. Divided by barriers of race but united in their ambitions for equality, their convictions will change attitudes towards slavery forever. Sweeping from the Deep South of America to the scorched earth of West Africa, *Rough Crossings* is a compelling true story that marks the 200th anniversary of the abolition of the slave trade in the British Empire. *Rough Crossings* was staged by Headlong Theatre Company which opened at Birmingham Rep in September 2007 and toured the Lyric Hammersmith, Liverpool Playhouse and West Yorkshire Playhouse.

With more than 1,300 cross-referenced entries covering every aspect of the American Revolution, this definitive scholarly reference covers the causes, course, and consequences of the war and the political, social, and military origins of the nation.

- Contains more than 1,300 A–Z entries on various political, social, and military topics connected with the American Revolution
- Features contributions from more than 120 distinguished scholars and independent historians from a variety of disciplines
- Introduces entries with essays on the war's underlying causes and the events that catalyzed its outbreak, a synopsis of the war, and an analysis of its long-term impact
- Includes key documents relevant to the period, including *Common Sense*, the Declaration of Independence, the Constitution, eyewitness battle accounts, speeches, and treaties
- Supplements entries with hundreds of illustrations depicting colonial and Revolutionary America, plus dozens of maps depicting major geopolitical relationships, large-scale military operations, and individual battles on land and sea
- Addresses all major Native American tribes involved in the conflict and their role in the war

Angel in the Whirlwind is the epic tale of the American Revolution, from its roots among tax-weary colonists to the triumphant Declaration of Independence and eventual victory and liberty, recounted by Benson Bobrick, lauded by *The New York Times* as “perhaps the most interesting historian writing in America today.” Overwhelmed with debt following its victory in the French and Indian Wars, England began imposing harsh new tariffs and taxes on its colonists in the 1760s. Rebellion against these measures soon erupted into war. Bobrick thrillingly describes all the major battles, from Lexington and Concord to the dramatic siege of Yorktown, when the British flag was finally lowered before patriot guns. At the same time he weaves together social and political history along with the military history, bringing to life not only the charismatic leaders of the independence movement, but also their lesser-known compatriots, both patriot and loyalist, English and American, whose voices vividly convey the urgency of war. Illuminated by fresh insight, *Angel in the Whirlwind* is a dramatic narrative of our nation's birth, in all its passion and glory.

YOUNG BLOODS is the first gripping novel in Simon Scarrow's bestselling Wellington and Napoleon quartet. Perfect for fans of Robert Harris. Arthur Wesley (the future Duke of Wellington) was born and bred to be a leader. With a firm belief that the nation must be led by a king, the red-coated British officer heads for battle against the French Republic, to restore the fallen monarchy. Napoleon Bonaparte joins the French military on the eve of the Revolution. He believes leadership is won by merit, not by noble birth. When anarchy explodes in Paris he's thrust into the revolutionary army poised to march against Britain. As two mighty Empires embark on a bloody duel, Wesley and Bonaparte prepare to face a sworn enemy, unaware that the fate of Europe will one day lie in their hands...
