In *The Impossible Will Take a Little While*, a phrase borrowed from Billie Holliday, the editor of *Soul of a Citizen* brings together fifty stories and essays that range across nations, eras, wars, and political movements. Danusha Goska, an Indiana activist with a paralyzing physical disability, writes about overcoming political immobilization, drawing on her history with the Peace Corps and Mother Teresa. Vaclav Havel, the former president of the Czech Republic, finds value in seemingly doomed or futile actions taken by oppressed peoples. Rosemarie Freeney Harding recalls the music that sustained the civil rights movement, and Paxus Calta-Star recounts the powerful vignette of an 18-year-old who launched the overthrow of Bulgaria's dictatorship. Many of the essays are new, others classic works that continue to inspire. Together, these writers explore a path of heartfelt community involvement that leads beyond despair to compassion and hope. The voices collected in *The Impossible Will Take a Little While* will help keep us all working for a better world despite the obstacles.

“Success is the point where your most authentic talents, passion, values, and experiences intersect with the chance to contribute to some greater good.” --Bill Strickland According to MacArthur Fellowship “genius” award winner Bill

Strickland, a successful life is not something you simply pursue, it is something that you create, moment by moment. It is a realization Strickland first came to when, as a poor kid growing up in a rough neighborhood of Pittsburgh, he encountered a high school ceramics teacher who took him under his wing and went on to transform his life. Over the past thirty years, Bill Strickland has been transforming the lives of thousands of people through the creation of Manchester Bidwell, a jobs training center and community arts program. Working with corporations, community leaders, and schools, he and his staff strive to give disadvantaged kids and adults the opportunities and tools they need to envision and built a better, brighter future. Strickland believes that every one of us has the potential for remarkable achievement. Every one of us can accomplish the impossible in our lives if given the right inspiration and motivation to do so. We all make ourselves “poor” in one way or another when we accept that we are not smart enough, experienced enough, or talented enough to accomplish something. Bill Strickland works with the least advantaged among us, and if he can help them achieve the impossible in their lives, think what each of us can do. Among Bill Strickland’s beliefs: People are born into this world as assets, not liabilities. It’s all in the way we treat people (and ourselves) that determines a person’s outcome The sand in the hourglass flows only one way. Stop going through the motions of living--savor each and every day. Life is here and now, not something waiting for you in the future. You don’t have to travel far to change the life you’re living. Bill grew up in the Pittsburgh ghetto, four blocks from where he came to build one of the foremost job training centers in the world. He now speaks before CEOs and political leaders, church congregations and civic leaders. You only need to change your thinking to remake your world. Through lessons from his own life experiences, and those of

Countless others who have overcome their circumstances and turned their lives around, *Make the Impossible Possible* shows how all of us can build on our passions and strengths, dream bigger and set the bar higher, achieve meaningful success and help mentor and inspire the lives of others.

Soul of a Citizen awakens within us the desire and the ability to make our voices heard and our actions count. We can lead lives worthy of our convictions. A book of inspiration and integrity, *Soul of a Citizen* is an antidote to the twin scourges of modern life--powerlessness and cynicism. In his evocative style, Paul Loeb tells moving stories of ordinary Americans who have found unexpected fulfillment in social involvement. Through their example and Loeb's own wise and powerful lessons, we are compelled to move from passivity to participation. The reward of our action, we learn, is nothing less than a sense of connection and purpose not found in a purely personal life. *Soul of a Citizen* has become the handbook for budding social activists, veteran organizers, and anybody who wants to make a change—big or small—in the world around them. At this critical historical time, Paul Loeb's completely revised edition—and inspiring message—is more urgently important than ever.

Colin O'Brady's awe-inspiring, New York Times bestselling memoir recounting his recovery from a tragic accident and his record-setting 932-mile solo crossing of Antarctica is a "jaw-dropping tale of passion and perseverance" (Angela Duckworth, New York Times bestselling author of *Grit*). Prior to December 2018, no individual had ever crossed the landmass of Antarctica alone, without support and completely human powered. Yet, Colin O'Brady was determined to do just that, even if, ten years earlier, there was doubt that he'd ever walk again normally. From the depths of a tragic

accident, he fought his way back. In a quest to unlock his potential and discover what was possible, he went on to set three mountaineering world records before turning to this historic Antarctic challenge. O'Brady's pursuit of a goal that had eluded many others was made even more intense by a head-to-head battle that emerged with British polar explorer Captain Louis Rudd—also striving to be “the first.” Enduring Antarctica's sub-zero temperatures and pulling a sled that initially weighed 375 pounds—in complete isolation and through a succession of whiteouts, storms, and a series of near disasters—O'Brady persevered. Alone with his thoughts for nearly two months in the vastness of the frozen continent—gripped by fear and doubt—he reflected on his past, seeking courage and inspiration in the relationships and experiences that had shaped his life. “Incredibly engaging and well-written” (The Wall Street Journal)—and set against the backdrop of some of the most extreme environments on earth, from Mt. Everest to Antarctica—this is “an unforgettable memoir of perseverance, survival, daring to dream big, and showing the world how to make the impossible possible” (Booklist, starred review).

What does Doing the Impossible really mean? This book is for those who have a desire to achieve greatness and are ready to take the steps to turn that desire into a reality. At one point or another in this book, you will experience several different reactions - excitement, curiosity, joy, laughter, or even tears - but the ultimate goal is to encourage and challenge you to make a decision to do the impossible. That may have a totally different meaning to you than it did to Steve Jobs, Thomas Edison, or any of the other role models we will look at; but whatever Doing the Impossible means to you, the goal of this book is to help you realize that you have the capacity to do what the critics think is impossible. - Patrick

A love letter to the 1980s and to nerds everywhere—The Impossible Fortress will make you remember what it feels like to love someone—or something—for the first time. Billy Marvin's first love was his computer. Then he met Mary Zelinsky. Do you remember your first love? It's May 1987. Fourteen-year-old Billy Marvin of Wetbridge, New Jersey, is a nerd, but a decidedly happy nerd. Afternoons are spent with his buddies, watching copious amounts of television, gorging on Pop-Tarts, debating who would win in a brawl (Rocky Balboa or Freddy Krueger? Bruce Springsteen or Billy Joel? Magnum P.I. or T.J. Hooker?), and programming video games on his Commodore 64 late into the night. Then Playboy magazine publishes photos of their idol, Wheel of Fortune hostess Vanna White, Billy meets expert computer programmer Mary Zelinsky, and everything changes. "A sweet and surprising story about young love" (A.V. Club), and a "quirky, endearing, full embrace of the late eighties" (USA TODAY), The Impossible Fortress will make you laugh, make you cry, and make you remember in exquisite detail what it feels like to love for the very first time. Heralded as one of the most anticipated novels of 2017 by Entertainment Weekly, Bustle, and InStyle.com, The Impossible Fortress is a surefire "unexpected retro delight" (Booklist, starred review).

With so many books about self-realization and success on the racks, why aren't more people self-realized and successful? Huge numbers of people pursuing this type of information prove that many want more from life. They are even willing to invest time and money to learn how to achieve more. So why don't more people actually succeed? Scott Jeffrey realizes what many well-meaning motivators and educators miss: This information must be consistently usable in everyday life. It must be accessible to men and women with impossible work schedules, families, and other time-consuming responsibilities. Through a series of thought-provoking strategies and exercises designed to "tune" what is already within the individual rather than complicating the task with new, often confusing information, Jeffrey helps you organize your thoughts, tap existing power, and claim the success you already own.
