The Israeli Institute for Intelligence and Special Services, the Mossad, is probably the best known of the world's intelligence services, one of the most suspected and, certainly, one of the most intriguing. However, despite its fame, the available literature, other than Hebrew, is limited and scattered amongst a variety of subject areas because the tentacles of the Mossad are similarly varied. The aim of this volume is to document the range of English language material available on the Mossad from its pre-official origins in Europe during the Second World War to the present period of the Middle East peace process. The organization had its origins in the aftermath of the Holocaust, being the agency responsible for organizing the illegal Jewish immigration into Palestine before becoming officially constituted in 1951. Since its formation the

A NETFLIX ORIGINAL MOVIE THE BEST INTELLIGENCE BOOK for 2017 by The American Association of Former Intelligence Officers A gripping feat of reportage that exposes—for the first time in English—the sensational life and mysterious death of Ashraf Marwan, an Egyptian senior official who spied for Israel, offering new insight into the turbulent modern history of the Middle East. As the son-in-law of Egyptian president Gamal Abdel Nasser and a close advisor to his successor, Anwar Sadat, Ashraf Marwan had access to the deepest secrets of the country's government. But Marwan himself had a secret: He was a spy for the Mossad, Israel's intelligence service. Under the codename "The Angel," Marwan turned Egypt into an open book for the Israeli intelligence services—and, by alerting the Mossad in

advance of the joint Egyptian-Syrian attack on Yom Kippur, saved Israel from a devastating defeat. Drawing on meticulous research and interviews with many key participants, Uri Bar Joseph pieces together Marwan's story. In the process, he sheds new light on this volatile time in modern Egyptian and Middle Eastern history, culminating in 2011's Arab Spring. The Angel also chronicles the discord within the Israeli government that brought down Prime Minister Golda Meir. However, this nail-biting narrative doesn't end with Israel's victory in the Yom Kippur War. Marwan eluded Egypt's ruthless secret services for many years, but then somebody talked. Five years later, in 2007, his body was found in the garden of his London apartment building. Police suspected he had been thrown from his fifth-

floor balcony, and thanks to explosive new evidence, Bar-Joseph can finally reveal who, how, and why.

The book "Intelligence vs Common Sense: US and Israeli Intelligence Services, and the Not-So-Deep State" compares the success, weaknesses, and failures of the Intelligence organizations in Israel and the US. It is based on an analysis of books written by the former directors of various intelligence organizations in both countries (CIA, NSA and FBI in the US, and Mossad, GSS, and Military Intelligence in Israel).

Although some of the recent books by former US intelligence directors were published with the objective of opposing the new president, instead they expose the way the US Intelligence Community (IC) does its job. They also list the

ways that the IC mismanages the information, along with all their failures, and the causes for these failures. Avinoam Sapir, the author of "Intelligence vs Common Sense", served in Israeli Military Intelligence and the Israeli Police polygraph. He holds a B.A. in both Psychology and Criminology, and an M.A. in Criminology. During the past few decades, Mr Sapir has conducted training in interviewing for various government agencies in Israel, the US, Canada, and several other countries around the world. He developed the SCAN technique, i.e. analysis of statements, by conducting extensive research into verbal communication, looking into the linguistic behavior used by people in communication. SCAN (Scientific Content Analysis) analyzes a text or statement strictly according to the words used. The SCAN

services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres,
