Magical Treatise of Solomon | Arrowverse Wiki | Fandom

Hygromanteia, or The Magical Treatise of Solomon (MS Bononiensis Univers. 3632) is a 15th century grimoire with instructions on divination, the uses of plants and herbs, and astrology, as well as principals of magic. It is the source material for the Key of Solomon. The list of spirits and spells provided here are currently incomplete.

Hygromanteia - Grimoire

The ' Magical Treatise of Solomon ' and the ' Key of Solomon ' are two grimoires (magic handbooks) commonly said to have been written by the biblical King Solomon . The latter grimoire has been described as “ The most enduring, influential, and notorious Solomonic book, ” and much has been written on it. English translations of ' Key of Solomon ' can be found easily.

The Magical Treatise of Solomon, or Hygromanteia is the ultimate grimoire — the absolute foundation of ceremonial magic. The true source of the Key of Solomon, it is arguably the most significant magical text in the world. For the first time ever, this extraordinary work has been translated from the original Greek into English, allowing magic scholars worldwide to finally access its treasures. The translator, Ioannis Marathakis, is a native born Greek academic with an extensive knowledge of ceremonial magic. Unlike the abridged Latin translation, this groundbreaking work is the complete text, now arranged in its proper order.

This is the true ancestor of the famous grimoire the Key of Solomon. The book includes translations of 12 different manuscripts of the Hygromanteia. This book is sometimes called the Hygromanteia. Throughout history thousands of people have been fascinated by the grimoire the Key of Solomon. This is the original Greek book of magic that was the source of the Key of Solomon, and in turn the ancestor of most of the grimoire-based ceremonial magic practiced in Europe and the US from the 15th century to the present day. This is a ground-breaking work. For the first time (outside of a handful of pages in academic works) the full Greek original of the Key of Solomon appears in English. Contrary to popular opinion the Key of Solomon was not translated from a Hebrew original. During the gradual decline and fall of the Byzantine Empire, this precious text, along with many others, was taken from Constantinople to Italy probably around 1453 where it was translated into Latin and Italian. Abridged Latin copies entitled the Clavicula Salomonis circulated in Europe, going through many changes, languages and versions to become the Key of Solomon as we know it (some of those manuscripts are published as Volume IV of the present series). Now for the first time you can read the whole text (large slabs of which were left out of the Latin translations) arranged clearly in the order in which it was meant to be read.

Throughout history thousands of people have been fascinated by the grimoire the Key of Solomon. This is the original Greek book of magic that was the source of the Key of Solomon, and in turn the ancestor of most of the grimoire-based ceremonial magic practised in Europe and the US today. This title presents a translation of this book.

This trade paperback volume contains both The Key of Solomon the King (The Greater Key) and The Lesser Key of Solomon, including all of the original illustrations, diagrams and annotations to aid the reader in their understanding of the Solomon Key. The Key of Solomon the King was originally researched and translated by S.L. MacGregor Mathers from ancient manuscripts in the British museums. Included by Mathers is the Order of the Pentacles of Solomon, the Ancient Fragment of the Key of Solomon, The Qabalistic Invocation of Solomon, and 15 plates full of figures, seals and charts, as well as the original text giving detailed instruction for spells and invocations. The work is traditionally divided into two books detailing the Key of King Solomon. Book One explains the operation of conjurations, curses, spells and other magical works. Book Two instructs the practitioner on the proper attire, purification rituals and other means of obtaining the goals of the Goetia. Between these two books is the list of plates that contain numerous illustrations and secret seals of Solomon, including the Mystical Seal of Solomon, the Pentacles of Solomon, and the Mystical Alphabet, which impart the mechanisms and requirements for the invocation of spirits and demons. The Lesser Key of Solomon, or the Clavicula Salomonis Regis, or Lemegeton, is a compilation of materials and writings from ancient sources making up a text book of magic or "grimoire." Portions of this book can be traced back to the mid-16th to 17th centuries, when occult researchers such as Cornelius Agrippa and Johannes Trithemius assembled what they discovered during their investigations into their own great works. As a modern grimoire, the Lesser Key of Solomon has seen several editions with various authors and editors taking liberty to edit and translate the ancient writings and source material. In 1898, Arthur Edward Waite published his The Book of Black Magic and of Pacts, which contained large portions of the Lemegeton. He was followed by Mathers and Crowley in 1904 who published The Goetia: The Lesser Key of Solomon. Many others have assembled their own version of this ancient material since, and it is important to realize that it is the contents rather than the book itself that make up the Lesser Key. Traditionally, the source material is divided into five books: Ars Goetia, Ars Theurgia Goetia, Ars Paulina, Ars Almadel, and Ars Notoria. Mathers and Crowley indicate their edition is a translation of the first. In the preface to this edition, it is explained that a "Secret Chief" of the Rosicrucian Order directed the completion of the book. The original editor was a G. H. Fra. D.D.C.F. who translated ancient texts from French, Hebrew, and Latin, but was unable to complete his labors because of the martial assaults of the Four Great Princes. Crowley was then asked to step in and finish what the previous author had begun. Traditionally, S. L. MacGregor Mathers is credited as the translator of this edition, and Crowley is given the title of editor. Scholars believe these books of Solomon and their many iterations derive from the ancient practices of Jewish Kabbalah and Arab Alchemy. After time, it is thought Greek and Roman influences were added until, finally, the work was used and molded by high Renaissance magicians. This book, as well as other King Solomon books, such as the Magical Treatise of King Solomon and the Testament of Solomon, were brought back to modern times through the labors of occult practitioners such as S. L. MacGregor Mathers, Aleister Crowley and others around the turn of the last century.

Quite simply the most popular of all Medieval grimoires devoted to the evocation and control of spirits. This edition is claimed to be compiled from manuscript copies in the British Museum and contains a great many spirit sigils.

The Clavis or Key to the Magic of Solomon is one of several notebooks from the estate of Ebenezer Sibley, transcribed under the direction of Frederic Hockley (1808-1885). Sibley was a prominent physician and an influential author, who complemented his scientific studies with writings on the adeeper truths including magic, astrology, alchemy, and hypnotherapy. Both Sibley and Hockley were major inspirations in the occult revival of the past two centuries, influencing A.E. Waite, S.L. Mathers, Aleister Crowley, as well as the Golden Dawn, Rosicrucian, and Masonic movements. This collection reflects Sibley's teachings on the practical use of celestial influences and harmonies. The Clavis contains clear and systematic instructions for constructing magical tools and pentacles for many practical purposes. It includes eight separate magical texts: The Mysterious Ring, Experiments of the Spirits, Birto, Vassago, Agares, Bealpharos, The Wheel of Wisdom, and the Complete Book of Magic Science. The manuscript reproduced here is the most accurate and complete known, very beautifully and carefully written complete with extraordinary hand-colored seals and colored handwritten text. 282 color pages with a color fold-out and a huge index.

A Collection of Magical Secrets Taken from Peter de Abano, Cornelius Agrippa and from other Famous Occult Philosophers and A Treatise Of Mixed Cabalah Which comprises the Angelic Art Taken From Hebrew Sages Translated from Wellcome MS4669 by Paul Harry Barron from the original French manuscript dated 1796 With Introduction by Stephen Skinner & David Rankine This book bridges the worlds of learned magic and village cunning, providing rare and previously unavailable material from the late eighteenth century. It comprises two parts, A Collection of Magickal Secrets and A Treatise of Mixed Cabalah, both of which contain unique and exciting magical material, that were previously bound together in a French manuscript with The Clavicule of Solomon and The Universal Treatise of the Keys of Solomon. These are reproduced along with The Keys of Rabbi Solomon, in the most significant grimoire publication of modern times, The Veritable Key of Solomon by Stephen Skinner & David Rankine. A Collection of Magical Secrets contains a collection of charms, ranging from the very simple to the complex. There are charms for healing, winning in love and gambling, gaining familiar spirits, regaining stolen or lost property, instructions for the creation of magic rings for controlling spirits, and a rare angelic conjuration of a Prince of the Thumb. A wide range of sympathetic magick techniques such as dreaming, poppets, using bread, herbs and sieves, are utilised to ensure the success of the charms. A Treatise of Mixed Cabalah contains four parts, three of which fit together to develop a greater knowledge of the practical Qabalah. This includes a ritual sequence of prayers and actions for increasing knowledge, practical instructions for the construction, consecration and use of wax pentacles for absent healing, a technique for angelic dream incubation and a system of divination with 112 possible answers.

Finally in a single book, the Keys and Testament of Solomon are available together in The Three Magical Books of Solomon: The Greater and Lesser Keys & The Testament of Solomon. The Testament is a story of his use of magic to control demons and the Keys reveal his spells and methods. The Lesser Key of Solomon is a well-know grimoire which has the description of the 72 demons conjured by Solomon, along with illustrations of their sigils, and the instructions for how to summon them. It also lists "Spirits mingled of Good and Evil Natures". The third book, attributed to the Apostle Paul, discusses the "Spirits allotted unto every degree of the 360 Degrees of the Zodiac; and also of the Signs, and of the Planets in the Signs, as well as of the Hours." Later on, Ars Almadel Salomonis provides instructions on how to create a wax tablet with specific designs intended to contact angels via scrying. This book also contains the prayers and orations of Solomon. The Key of Solomon the King is a very famous and important grimoire. It is divided up into two books. The first section includes various chants, spells, and curses to summon or restrain demons and the spirits of the dead. It also contains instructions on how to perform a series of magic spells. The second part describes purifications an exorcist should undergo, as well as on clothing and magical devices. The Testament of Solomon is about demons summoned by King Solomon, and how they can be countered by invoking angels and other magical techniques. It is one of the oldest magical texts attributed to King Solomon, dating First Century A.D.
