This book makes Marvin come to life and perpetuates him as a role model." -Peter F. Drucker "A wonderful book about a wonderful man. In many ways, Marvin's McKinsey framed the hypotheses in our own search for excellence-

for example, passion for values, belief in people as the prime resource, and willingness to let people experiment. As well as I thought I knew Marvin, however, this remarkable book, drawing on the

The Blind Strategist: John Boyd and the American Art of War. Colonel John Boyd, a maverick fighter pilot, revolutionized the American art of war through his ideas on conflict and the human mind. Boyd claimed that

Although Boyd's theories
became the basis of American
military doctrine, he relied
upon the fraudulent
testimony of former Nazi
generals who fabricated
historical evidence to
disassociate their
