In The Novel of the Future, Anais Nin explores the act of creation—in film, art, and dance as well as literature—to chart a new direction for the young artist struggling against what she perceived as the sterility, formlessness, and spiritual bankruptcy afflicting much of mid-twentieth-century fiction. Nin offers, instead, an argument for and synthesis of the poetic novel and discusses her own efforts in this genre as well as its influence on the development of such writers as D. H . . .

In simplifying it, reducing it, we reduce the power of our expression and our power to communicate. Standardization, the use of worn-out formulas, impedes communication because it does not match the subtlety of our minds . . .

The Novel of the Future Quotes by Anais Nin
In 1968, she published The Novel of the Future, which elaborated on her approach to writing and the writing process. Personal life. According to her diaries, Vol.1, 1931-1934, Nin shared a bohemian lifestyle with Henry Miller during her time in Paris. Her husband Guiler is not mentioned anywhere in the published edition of the 1930s parts of her diary (Vol. 1-2) although the opening of Vol. 1 makes it clear that she is married, and the introduction suggests her husband refused to be . . .

Anais Nin - Wikipedia
Anais Nin on Writing, the Future of the Novel, and How Keeping a Diary Enhances Creativity: Wisdom from a Rare 1947 Chapbook “It is in the moments of emotional crisis that human beings reveal themselves most accurately.” By Maria Popova

In The Novel of the Future, Anais Nin explores the act of creation—in literature, film, art, and dance—to arrive at a new synthesis for the young artist struggling against the sterility, formlessness, and spiritual bankruptcy afflicting much of modern fiction. Identifying those trends which she finds most destructive in modern fiction (reportage, the substitution of violence for emotion, and the growing cults of ugliness, toughness, and caricature), Nin offers, instead, an argument for and synthesis of the poetic novel. Drawing upon such related arts as filmmaking, painting, and dance, Nin discusses her own efforts in this genre as well as the development of such writers as D. H. Lawrence, Henry Miller, Lawrence Durrell, Marguerite Young, and Djuna Barnes. In chapters devoted to the pursuit of the hidden self, the genesis of fiction, and the relationship between the diary and fiction, she addresses the materials, techniques, and nourishment of the arts, and the functions of art itself.

The House of Incest, Anais Nin's famous prose poem, was first published in Paris in 1936 and immediately drew attention from the era's prominent writers, including Henry Miller and Lawrence Durrell. While written in English, it is considered a landmark work in the French surrealist tradition and one of the most unique books in 20th century literature.

Collages explores a world of fantasy and dreams through an eccentric young painter. Nin's first book was published in the 1930s and she went on to write stories and a series of autobiographical novels and her celebrated volumes of erotica.

It all began when design student Anaas Bordier viewed a YouTube video and saw her own face staring back. After some research, Anaas found that the Los Angeles actress Samantha Futerman was born in a South Korean port city called Busan on 19 November 1987 - the exact same location and day that Anaas was born. This propelled her to make contact on Facebook. One message later, both girls wondered: Could they be twins? Thus begins their remarkable journey to build a relationship as sisters, continents apart.

The trailblazing memoirist and author of Henry & June recounts her relationships with Henry Miller and others—including her own father. Anais Nin wrote in her uncensored diaries like they were a broad-minded confidante with whom she shared the liberating psychosexual dramas of her life. In this continuation of her notorious Henry & June, she recounts a particularly turbulent period between 1932 and 1934, and the men who dominated it: her protective husband, her therapist, and the poet Antonin Artaud. However, most consuming of all is novelist Henry Miller—a man whose genius, said Anais, was so demonic it could drive people insane. Here too, recounted in extraordinary detail, is the sexual affair she had with her father. At once loving, exciting, and vengeful, it was the ultimate social transgression for which Anais would eventually seek absolution from her analysts. “Before Lena Dunham there was Anais Nin. Like Dunham, she’s been accused of narcissism, sociopathy, and sexual perversion time and again. Yet even that comparison undercuts the strangeness and bravery of her work, for Nin was the first of her kind. And, like all truly unique talents, she was worshipped by some, hated by many, and misunderstood by most. . . . A woman who’d spent decades on the bleeding edge of American intellectual life, a woman who had been a respected colleague of male writers who pushed the boundaries of acceptable sex writing. Like many great . . . experimentalists, she wrote for a world that did not yet exist, and so helped to bring it into being.” —The Guardian Includes an introduction by Rupert Pole

Largely ignored by mainstream audiences for the first thirty years of her career, Anais Nin (1903-1977) finally came into her own with the publication of the first part of her diary in 1966. Thereafter she was catapulted into fame. Throughout the late sixties and the seventies she attracted a host of devoted and admiring readers in the counter culture, who were magnetized by her personal liberation and openness. For a woman to make such probing exploration of the intimate recesses of her psyche made her a cult figure with a large and lasting readership. Born in France, Anais Nin lived much of her life in America. Her liaison with Henry Miller and his wife June, documented in her explicitly detailed diaries, became the subject of a major film of the nineties. Her forthright books, her diaries that continue to be published in a steady flow, and her charismatic charm made her the subject of many candid interviews, such as those collected here. Eight included in this volume are printed for the first time. Many others were originally published in magazines that are now defunct. Nin elaborates on subjects only touched upon in the diaries, and she speaks also of her role in the women's movement and of her philosophies on art, writing, and individual growth.

Named one of Granta's Best of Young British Novelists Anais Hendricks, fifteen, is in the back of a police car. She is headed for the Panopticon, a home for chronic young offenders. She can't remember what's happened, but across town a policewoman lies in a coma and Anais is covered in blood. Raised in foster care from birth and moved through twenty-three placements before she even turned seven, Anais has been let down by just about every adult she has ever met. Now a counterculture outlaw, she knows that she can only rely on herself. And yet despite the parade of horrors visited upon her early life, she greets the world with the witty, fierce insight of a survivor. Anais finds a sense of belonging among the residents of the Panopticon—they form intense bonds, and she soon becomes part of an ad-hoc family. Together, they struggle against the adults that keep them confined. But when she looks up at the watchtower that looms over the residents, Anais realizes her fate: She is an anonymous part of an experiment, and she always was. Now it seems that the experiment is closing in. Now with Extra Libris material, including a reader's guide and bonus content

Shocking, banned and the subject of obscenity trials, Henry Miller's first novel Tropic of Cancer is one of the most scandalous and influential books of the twentieth century Tropic of Cancer redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, Tropic of Cancer continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, Tropic of Cancer is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. "At last an unprintable book that is fit to read! Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include Tropic of Cancer (1934), Tropic of Capricorn (1939), and the Rosy Crucifixion trilogy (Sexus, 1949, Plexus, 1953, and Nexus, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation.
