A revolutionary and must-have book for boys! This action-packed, illustrated guide teaches boys to develop much-needed skills around empathy and vulnerability as they grow into self-aware, wonderful men. Share with fans of The Manual to Manhood, Boying Up, and The Dangerous Book for Boys. How do we raise "good sons" during this difficult time? Traits we've always considered masculine--like being tough and not showing emotion--are no longer what we want for our boys. Especially when society most needs unity, empathy, and the understanding that all humans are created equal. As we try to raise caring, thoughtful, respectful young men, this book will lead the pack, teaching them, in a language they will understand, that emotional honesty is the epitome of bravery and that the toughest of the tough are those who raise their voices to uplift and support those most in need. Unlike any book out there, The Warrior Challenge will capture readers with its epic and engrossing stories about courageous men across history, real-life examples of modern manhood, and straight-talking messages about compassion and authenticity. Author, mountain climber, and professional speaker John Beede disproves the "boys will be boys" mentality and encourages boys to be, above all, good humans.
