A stunning personal narrative of best intentions gone awry, Michael Maren, at one time an aid worker and journalist in Somalia, writes of the failure of international charities. Michael Maren spent years in Africa, first as an aid worker, later as a journalist, where he witnessed at a harrowing series of wars, famines, and natural disasters. In this book, he claims that charities, such as CARE and Save the Children, are less concerned with relief than we think. Maren also attacks the United Nation's "humanitarian" missions are controlled by agribusinesses and infighting bureaucrats.

Max is a man. An assassin, to be exact. But within him lurks the Beast, an unholy demon that drives Max to kill – and to commit acts even more hideous. Throughout the years, the Beast has taught Max well, and Max has become quite proficient in his chosen field. He is an assassin unlike any other. To put it mildly. But now Max has a son, an unnatural offspring named Angel, born of Max's pain and hunger. Through Angel, the spirits of Max's former victims see a way to make Max suffer, to make him pay for his monstrous crimes. These vengeful ghosts fight hard to trap Angel in their world forever. And while angel battles his father's demons, Max himself must try to escape from the government agents intent on capturing him – dead or alive.

In this definitive, up-to-the-minute account of the Hells Angels in Canada, two veteran journalists investigate why the recent imprisonment of feared biker leader, Maurice "Mom" Boucher, is too little, too late. By the spring of 2002, Boucher was safely in prison but the Hells Angels had grown to 37 chapters with close to 600 members across the country. They had taken over the drug trade and continued their rapid expansion into Ontario with a recent, high-profile enlistment -- or patchover -- of 168 members from other gangs. In Winnipeg, gang warfare turned ugly as the Hells muscled out the competition and firebombed a policeman's home. In Vancouver, they secured a stranglehold on smuggling in the all-important West Coast port. The Road to Hell is the story of how the Hells have taken over the Canadian crime scene: how politicians dithered while overburdened prosecutors burned out and lost major cases; how police brass squabbled while a handful of dedicated cops worked years to amass their evidence; how a few citizens stood up the bikers and paid for that bravery with their lives. Murder plots, drug deals, money laundering and assassinations are brought to life through never-before-

revealed police files, wiretaps and surveillance tapes. In gripping prose, the authors tell all about Boucher's war on the justice system; how he finally lost in Quebec, thanks in part to Danny Kane, a reluctant biker turned informer; but how across Canada the Hells have succeeded in building a national crime empire. The RCMP and then the police in Montreal would run Danny Kane as one of the most successful -- and most secretive -- agents ever to infiltrate organized crime. Kane would climb all the way to the top: from a lowly hangaround to a trusted confidante of the Quebec Nomads, the elite chapter led by the top Hells Angels lieutenants of Maurice "Mom" Boucher. And through his entire six-year-career as a spy, few people -- even inside the police -- would ever know about his dangerous double life. -- from *The Road to Hell*

Most of Jesus' teaching on the uncomfortable subject of hell was addressed to his followers, yet it hardly features in sermons today. Challenging the modern alternatives of liberal universalism and evangelical 'annihilationism', David Pawson presents the traditional concept of endless torment as soundly biblical, illustrating his argument with in-depth Scripture studies on controversial passages. Heaven is also a reality, he affirms, but it is hell which is being overlooked.

Brazil's BR-116 motorway has been described as the worst road in the world. According to the Brazilian government, a child is sold for sex every ten miles. Thousands of young girls, some as young as nine, are forced to sell their bodies to truck drivers to bring money home to their families. Businessmen and politicians organize child prostitution rackets. The girls refer to the 2,700-mile motorway as the 'Highway to Hell'. Their childhoods are stolen there, and many are trapped in unimaginable abuse and violence. This book documents this untold tragedy in the form of a journey up the motorway, as Matt meet the girls and hears their stories, as well as encounters with the truck drivers, pimps, brothel owners, traffickers -- and the brave individuals trying to make a difference. It is also a journey in faith as Matt grapples with what his Christian faith has to say about it and discovers how God wants him to respond.
