Whilst The Secret of Spellshadow Manor was a fun read, no self-respecting fantasy fiction lover would ever put this book on the same level as Harry Potter, one of the greatest, most magical adventures of all time. It's unfortunate too, because that anchoring is what ultimately brought about my disappointment in The Secret of Spellshadow Manor.

A magic school story with a spine-tingling twist, for adults or teens who enjoyed Harry Potter... What would you do if you spotted a man following a young woman, but no-one else could see him? Like most sane people, student Alex Webber thought he was hallucinating - perhaps he'd consumed something bad at the party he'd been attending that night, or he was severely overtired. But when he sees the mysterious man following Natalie again the very next day, he can no longer disbelieve his eyes. Although she denies the man's existence, Alex sees her walking with him down a road in his neighborhood he's never seen before - and can't help but follow. After a bizarre, but strangely short journey, he finds himself standing before a towering iron gate wreathed in gray ivy, behind which looms a decrepit old mansion named Spellshadow Manor. Spellshadow, with its beautiful yet sinisterly decorated hallways, ever-changing outdoor scenery and very unusual residents... Alex will quickly learn it is a place that is as wondrous as it is deadly. Especially for a normal person like him. What if you found yourself recruited to an institute of magic, only to discover you really couldn't do magic? What if your enrollment there was all one big, terrible mistake? If you were at Spellshadow, you'd keep it a secret. A deep, dark, deadly secret...
