Navigating The Sea To A Successful Match Sameer Avasarala, MBBS Subhash Chandra, MD, FAPA

In the 2007 Match, over 40% of U.S. senior applicants failed to match with the residency program of their choice. In competitive fields such as dermatology, ophthalmology, plastic surgery, and urology, over 30% of U.S. senior applicants failed to match at all. The numbers are significantly worse for osteopathic and international medical graduates. In fact, in the 2008 Match, over 5,000 international medical graduates failed to match. Regardless of your chosen specialty, the key to a successful match hinges on the development of a well thought out strategy. This book will show you how to develop the optimal strategy for success. Learn how you can upgrade your credentials, write high-impact personal statements, solicit strong letters of recommendation, shine during interviews, and much more. This book is an invaluable resource to help you gain that extra edge. Featuring discussion of these issues and more, this book will provide you with specific, concrete recommendations that will maximize your chances of achieving the ultimate goal: that of a successful match.

Medical school is intense, demanding, and stressful. How can you overcome the challenges to excel? A strong work ethic is important but nowhere near enough. As faculty advisors, we've found that misperceptions about the factors leading to success as a student and in the residency match are shockingly common. Our detailed advice, based on evidence from research in the field and experiences with high-performing students, will provide you a strategy for success. How can you identify if you're at risk for a low USMLE score? How can you boost your performance? What study skills separate the top from the average students? How can you choose a research project and advisor that leads to publication? How can you participate in community service and make meaningful contributions? Why is leadership in medical school important? Utilizing a strong combination of evidence-based advice and insider knowledge, this book will provide you the knowledge and guidance you need to achieve success in medical school.

The book begins as a how-to guide with clerkship-specific templates, along with sample notes and guides, for every aspect of clerkships. The book reviews proven strategies for success in patient care, write-ups, rounds, and other vital areas. Grades in required rotations are the most important academic criteria used to select residents, and this critical year can determine career choices.

The first medical specialty selection guide written by residents for students! Provides an inside look at the issues surrounding medical specialty selection, blending first-hand knowledge with useful facts and statistics, such as salary information, employment data, and match statistics. Focuses on all the major specialties and features firsthand portrayals of each by current residents. Also includes a guide to personality characteristics that are predominate with practitioners of each specialty. "A terrific mixture of objective information as well as factual data make this book an easy, informative, and interesting read." --Review from a 4th year Medical Student

Books about the Internal Medicine clerkship have generally focused on educating medical students on what they should do. What is often left out is any discussion about the things that students should not do. With that being said, it should come as no surprise to anyone that students make the same mistakes year after year. Since students can gain valuable insight by learning about their predecessors' mistakes, we offer you this new book titled the Internal Medicine Clerkship: 150 Biggest Mistakes and How To Avoid Them.This book not only introduces you to these mistakes but also shows you how to avoid them. Avoiding these pitfalls is crucial for rotation success. Once you are familiar with these errors, you can do everything in your power to avoid them, thereby placing yourself in a position to excel during the clerkship.

THE RESIDENCY INTERVIEW. These words make every applicant nervous. This MedEdits guide provides applicants with insight about the residency interview process as well as a general framework to dramatically improve their confidence on interview day. This book is based on Dr. Jessica Freedman's experience in residency admissions while on faculty at the Mount Sinai School of Medicine in New York City and her observations while privately advising residency applicants with MedEdits (www.MedEdits.com). Get practical advice on: 1) How to prepare for your interview 2) What to expect on interview day 3) The different types of interviewers 4) What information you must convey during your interview 5) How to structure your answers and direct your interview 6) What to wear, how to behave on tours, lunches, "night be- fore" gatherings and many other topics

A bright, bold debut about a girl who happens to have been born a boy, but refuses to let that stand in the way of her dream. George joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! When people look at Melissa, they think they see a boy named George. But she knows she's not a boy. She knows she's a girl. Melissa thinks she'll have to keep this a secret forever. Then her teacher announces that their class play is going to be Charlotte's Web. Melissa really, really, REALLY wants to play Charlotte. But the teacher says she can't even try out for the part... because she's a boy. With the help of her best friend, Kelly, Melissa comes up with a plan. Not just so she can be Charlotte -- but so everyone can know who she is, once and for all.

What does it take to match into the subspecialty and fellowship program of your choice?
