Thirty Years War remains an enigma to many. Yet the three-decade struggle, which began in 1618 and ended in 1648, drew in all of Europe's major powers, laid waste to vast regions and killed eight million people. In fact, not until the First World War would Europe know such destruction or political upheaval.

A deadly continental struggle, the Thirty Years War devastated seventeenth-century Europe, killing nearly a quarter of all Germans and laying waste to towns and countryside alike. In a major reassessment, Wilson argues that religion was not the catalyst, but one element in a lethal stew of political, social, and dynastic forces that fed the conflict--a conflict that ultimately transformed the map of the modern world.

Europe in 1618 was riven between Protestants and Catholics, Bourbon and Hapsburg--as well as empires, kingdoms, and countless principalities. After angry Protestants tossed three representatives of the Holy Roman Empire out the window of the royal castle in Prague, world war spread from Bohemia with relentless abandon, drawing powers from Spain to Sweden into a nightmarish world of famine, disease, and seemingly unstoppable destruction.

Religion interacted with rebellion and dynastic rivalry in a series of conflicts in central Europe known collectively as the Thirty Years War. The horrific series of conflicts known as the Thirty Years War (1618-48) tore the heart out of Europe, killing perhaps a quarter of all Germans and laying waste to whole areas of Central Europe to such a degree that many towns and regions never recovered. heavily involved and, while each country started out with rational war aims, the fighting rapidly spiralled out of control, with great battles giving way to marauding bands of starving soldiers spreading plague and murder. The war was both a religious and a political one and it was this tangle of motives that made it impossible to stop. Whether motivated by idealism or cynicism, everyone drawn into the conflict was destroyed by it. At its end a recognizably modern Europe had been created but at a terrible price.
