# Read Online The Zimmermann Telegram World War I Tuchman

By the winter of 1916/17, World War I had reached a deadlock. While the Allies commanded greater resources and fielded more soldiers than the Central Powers, German armies had penetrated deep into Russia and France, and tenaciously held on to their conquered empire. Hoping to break the stalemate on the western front, the exhausted Allies sought to bring the neutral United States into the conflict. A golden opportunity to force American intervention seemed

## Read Online The Zimmermann Telegram

at hand when British naval intelligence intercepted a secret telegram detailing a German alliance offer to Mexico. In it, Berlin's foreign secretary, Arthur Zimmermann, offered his country's support to Mexico for re-conquering "the lost territory in Texas, New Mexico, and Arizona" in exchange for a Mexican attack on the United States, should the latter enter the war on the side of the Allies. The British handed a copy of the Telegram to the American government, which in turn leaked it to the press. On March 1, 1917, the Telegram made headline news across the United States,

and five weeks later,

America entered World War I. Based on an examination of virtually all available German, British, and U.S. government records, this book presents the definitive account of the Telegram and questions many traditional views on the origins, cryptanalysis, and impact of the German alliance scheme. While the Telegram has often been described as the final step in a carefully planned German strategy to gain a foothold in the western hemisphere, this book argues that the scheme was a spontaneous initiative by a minor German foreign office official, which gained

Barbara W. Tuchman  
traction only because of a lack of supervision and coordination at the top echelon of the German government. On the other hand, the book argues, American and British secret services had collaborated closely since 1915 to bring the United States into the war, and the Telegram's interception and disclosure represented the crowning achievement of this clandestine Anglo-American intelligence alliance. Moreover, the book explicitly challenges the widely accepted notion that the Telegram's publication in the U.S. press rallied Americans for war. Instead,

it contends that the Telegram divided the public by poisoning the debate over intervention, and by failing to offer peace-minded Americans a convincing rationale for supporting the war. The book also examines the Telegram's effect on the memory of World War I through the twentieth century and beyond.

Celebrated for bringing a personal touch to history in her Pulitzer Prize-winning epic *The Guns of August* and other classic books, Barbara W. Tuchman reflects on world events and the historian's craft in these perceptive, essential essays. From

to World War I, the climax of a century of rapid, unprecedented change, a privileged few enjoyed Olympian luxury as the underclass was "heaving in its pain, its power, and its hate." In *The Proud Tower*, Barbara W. Tuchman brings the era to vivid life: the decline of the Edwardian aristocracy; the Anarchists of Europe and America; Germany and its self-depicted hero, Richard Strauss; Diaghilev's Russian ballet and Stravinsky's music; the Dreyfus Affair; the Peace Conferences in The Hague; and the enthusiasm and tragedy of Socialism, epitomized by the

October, in The Wall Street Journal The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates
