busyness, discouragement, and distraction to embrace a meaningful life in Christ. With a practical, engaging 10-week format, Julie encourages women to experience this transforming life in and with Christ as she leads them to know God by spending time with Him and seeking His heart. Biblical and motivating, Julie awakens readers to inspired principles and life-changing priorities as they gather these and other riches of extraordinary faith: Refueled purpose and passion for their journey Healing of and release from past wounds Freedom from guilt with love and grace Relationships and connections that matter This exploration of God ' s Word and His desire for each woman ' s life reveals the remarkable, attainable picture of the godly significance she is made for. This book ' s content can be enhanced by the companion DVD.

The book of Proverbs is the world's greatest treasury of wisdom. It offers practical insights for day-to-day discussions and provides moral guidelines for living in an immoral world. As you unearth the riches of Proverbs, you will discover why 'the fear of the Lord is the beginning of wisdom' for all the affairs of everyday life.

Dreams are at the heart of a process where tangible and intangible worlds are intimately intermingled. Indeed, a dream is an intangible phenomenon occurring in a physical body that stands in an environment both material and informational (intangible). A systematic investigation of the connections between dreams and reality sheds new light on the dream process and on the functioning of the mind. This book invites you, the reader, to discover the results you can achieve through a more comprehensive and unified approach to the dream process. It gives you advice on how to carry out your own research. Reading this book will help you

become better aware of the role played by your body at the meeting point between dreams and reality, between the tangible and the intangible (Chapter 1). The book describes an efficient method for observing the dream process (Chapter 2) and explains the results you can achieve with it through your own experimentation (Chapter 3). Through your personal exploration of the whole dream process you will be able to verify for yourself the reality of certain faculties of the mind which are commonly considered to be "paranormal". You will see that they can be explained rationally. Chapter 4 of the book explains how you can use the dream process to find answers to your questions, whether they regard your daily life (health, work, relationships, life guidance) or your artistic or scientific creativity. The last chapter (Chapter 5) explains why faculties today considered to be paranormal are destined to a natural collective awakening. With this book, I invite you to observe your dreams and their connections with your reality, with a mind as neutral as possible. This is the best way to understand the meaning of your dreams. Try, then, to forget all you have ever heard about dreams, and just look at them and observe the whole dream process, and not only the dreams. Everything I assert in the book can be verified through personal experience by using the proposed method of observation. With this method everyone, even the most skeptical person, can verify the existence of unusual faculties of the mind, and learn to develop and use them. Key words: dreams and reality, precognitive dreams, future in dreams, premonitory dreams, dream interpretation, meaning of dreams, paranormal faculties, telepathy, dreams and health, dreams and abundance, dreams and the past, mind and body, nightmares, dreaming brain, lucid dreams

The People's Covenant and God's Hammer have raged a Cold War that has lasted for over twenty years. A war without armies, where battles are fought in the dark and information is the most dangerous weapon. In this world—which sometimes seems the Middle Ages, sometimes the Renaissance and sometimes the Nineteenth Century—lives Yáxtor Brandan, empirical adept at the service of the Queen of Alboné. A relentless, amoral and unscrupulous character, Yáxtor fights to recover his own past as he tries to prevent a new player in the espionage game to end the world, as he knows it. A fascinating fast-moving and complex plot, full of

tension and surprises and excellently paced; a main character for whom it should be impossible to feel the slightest sympathy, and yet somehow we do, even as his cruelty disturbs us more and more -an extremely difficult feat to pull off so successfully; powerful secondary actors, who either leave you with a sense of uneasiness with regard to their motivations and loyalties, or make you want to shout out -as people did in the early days of cinema- "Look out, don't trust him!"; and a pervading atmosphere of tragedy, especially in a final unexpected and shocking, yet on reflection almost inevitable, scene. In short, a totally addictive and highly original novel set in a world that is at once both strangely familiar and disturbingly alien. —Steve Redwood, author of Fisher of Devils.

Greek tycoon Nikolai Andretti is out for revenge. Four years ago, Tabitha MacComber made a fool of him. Now he has gained controlling interest in her family ' s business. He makes a deal with her: if she becomes his mistress, he won ' t sell off the factory and put all the families in the village out of work. Tabitha remembers Nik and the painful past they share. She fell in love with him, only to have him tear her heart apart with lies. Now he ' s back and she can ' t find another way to save all the people who depend on her. But she also finds things about Nik that she wasn ' t prepared to discover. And she realizes that she ' s still in love with him.
