Transcribed from recently discovered tapes, this work stands as a deeply personal yet far-reaching introduction to the pleasures of the word, and as a first-hand testimony to the life of literature. 1 halftone.

Transcribed from recently discovered tapes, this collection of comments by the great poet captures the cadour, wit, and erudition of Borges as he covers a wide range of literary topics during a series of lectures given at Harvard in 1967 and 1968.

Forty short stories and essays have been selected as representative of the Argentine writer's metaphysical narratives

A biography of Borges, by his translator.

These wide-ranging conversations have an exceptionally open and intimate tone, giving us a personal glimpse of one of the most fascinating figures in contemporary world literature. Interviewer Fernando Sorrentino, an Argentinian writer and anthologist, is endowed with literary acumen, sensitivity, urbanity, and an encyclopedic memory of Jorge Luis Borges' work (in his prologue, Borges jokes that Sorrentino knows his work "much better than I do"). Borges wanders from nostalgic reminiscence to literary criticism, and from philosophical speculation to political pronouncements. His thoughts on literature alone run the gamut from the Bible and Homer to Ernest Hemingway and Julio Cortázar. We learn that Dante is the writer who has impressed Borges most, that Borges considers Federico García Lorca to be a "second-rate poet," and that he feels Adolfo Bioy Casares is one of the most important authors of this century. Borges dwells lovingly on Buenos Aires, too. From the preface: For seven afternoons, the teller of tales preceded me, opening tall doors which revealed unsuspected spiral staircases, through the National Library's pleasant maze of corridors, in search of a secluded little room where we would not be interrupted by the telephone...The Borges who speaks to us in this book is a courteous, easy-going gentleman who verifies no quotations, who does not look back to correct mistakes, who pretends to have a poor memory; he is not the terse Jorge Luis Borges of the printed page, that Borges who calculates and measures each comma and each parenthesis. Sorrentino and translator Clark M. Zlotchew have included an appendix on the Latin American writers mentioned by Borges

Jorge Luis Borges wrote: "Fame is a form of incomprehension, perhaps the worst." Since his death Borges has been inducted into the world literary canon through the efforts of a number of influential critics and the Borges estate. Central to this project has been the publication of a group of grand volumes whose greatest achievement has been to make available in English works that had previously remained obscure, even in Spanish. The five-year collaboration (1967-1972) between Borges and Norman Thomas di Giovanni produced the translations that brought Borges his burgeoning global English readership. The Lesson of the Master--a memoir and essays--is an indispensable work for Borges readers and his growing legion of students and scholars. Di Giovanni was the only translator to have Borges on hand on a daily basis to contradict or authorize his work. In addition di Giovanni is not burdened with an over-reverence for his subject but is on the contrary playful, robust, and witty. The Lesson of the Master is an essential illumination of one of the great masters of twentieth-century literature.

The aesthetic origins and directions of music are explored, touching upon concepts and visualizations from such fields as poetry, linguistics, and physics

Jorge Luis Borges, Argentina's master fabulist, was also an extraordinary conversationalist. There's not a subject he doesn't throw surprising new light on, whether it's to do with Kipling or tango. In fact, there's an impish element in his thinking. In these dialogues with a receptive Osvaldo Ferrari, he covers Buddhism, love, Henry James, Dante and much more as he circles round and digresses at whim. One cannot be sure where the 84-year-old blind man's wit will lead him, except that it's his form of freedom. Even if he's covered the subject before, this time round there's a new flash of insight. He's an optimist. There's always more to say. As with his written work as a whole, these dialogues configure a loose autobiography of a subtle, teasing mind. Looking back on his long life, it's no surprise that time and dreaming become topics, but these dialogues are not a memoir for all time is now. As in his tale *The Other*, where two Borges meet up on a bench beside the river Charles, we have a dialogue between a young poet and the elder teller of tales where all experience floats in a frightening miracle that defies linear time."
