Everything we know about drugs-from acid to epidemics to DARE and salvia-turns out to be wrong Stock up on munchies and line up your water bottles: journalist Ryan Grim will take you on a cross-country tour of illicit drug use in the U.S.-from the agony (the huge DEA bust of an acid lab in an abandoned missile silo in Kansas) to the ecstasy (hallucinogens at raves and music festivals). Along the way, Grim discovers some surprising truths. Did anti-drug campaigns actually encourage more drug use? Did acid really disappear in the early 2000s? And did meth peak years ago? Did our Founding Fathers-or, better yet, their wives-get high just as much as we do? Traces the evolution of United States's long and twisted relationship with drugs Gives surprising answers to questions such as: how did heroin become popular, when did the meth epidemic peak, and has LSD gone the way of Quaaludes Based on solid reporting and wide-ranging research-including surveys, reports, historical accounts, and more Not since Eric Schlosser ventured underground to marijuana's black market in Reefer Madness has a reporter trained such a keen eye on drugs and culture. A powerful and often shocking history of one of our knottiest social and cultural problems, This is Your Country on Drugs leads you on a profound exploration of what it means to be an American.

In J. L. Carr ' s deeply charged poetic novel, Tom Birkin, a veteran of the Great War and a broken marriage, arrives in the remote Yorkshire village of Oxbodby where he is to restore a recently discovered medieval mural in the local church. Living in the bell tower, surrounded by the resplendent countryside of high summer, and laboring each day to uncover an anonymous painter ' s depiction of the apocalypse, Birkin finds that he himself has been restored to a new, and hopeful, attachment to life. But summer ends, and with the work done, Birkin must leave. Now, long after, as he reflects on the passage of time and the power of art, he finds in his memories some consolation for all that has been lost.

Why is your brother-in-law concerned about the Estate Tax? Why do millionaire news reporters get everything wrong? Why are blood-sucking teachers bankrupting America? Jimmy Dore, the comedy darling of America's Progressive Left, answers all these questions and more! In this laugh-out-loud collection of essays that are both street-smart and informed, Jimmy sets out to discover what's wrong. Cracking with caustic wit and insight, no aspect of American life is safe from Jimmy's hilarious scrutiny. He gets to the heart of the issues: why Republicans should support gay marriage or why the President shouldn't have Secret Security until the country has gun control, bringing clarity and hilarity to the incoherent noise of our punditocracy. This outrageously entertaining manifesto is an excellent resource for those who have survived long arguments during family dinners. And in a media environment dominated by corporate interests, Jimmy's take-no-prisoners approach is fearless: going after both political parties, and all corners of mainstream news. A David against an army of Goliaths. Equal measures of silliness and spleen-venting, Your Country Is Just Not That Into You is the most oddly uplifting political book of the year.

The award-winning, #1 internationally bestselling new novel by the author of The Perfect Nanny, about a woman in an interracial marriage whose fierce desire for autonomy parallels her adopted country's fight for independence The world of men is just like the world of botany. In the end, one species dominates another. One day, the orange will win out over the lemon, or vice versa, and the tree will once again produce fruit that people can eat. In her first new novel since The Perfect Nanny launched her onto the world stage and won her acclaim for her "devastatingly perceptive character studies" (The New York Times Book Review), Leila Slimani draws on her own family's inspiring story for the first volume in a planned trilogy about race, resilience, and women's empowerment. Mathilde, a spirited young Frenchwoman, falls in love with Amine, a handsome Moroccan soldier in the French army during World War II. After the war, the couple settles in Morocco. While Amine tries to cultivate his family farm's rocky terrain, Mathilde feels her vitality sapped by the isolation, the harsh climate, the lack of money, and the mistrust she inspires as a foreigner. Left increasingly alone to raise her two children in a world whose rules she does not understand, and with her daughter taunted at school by rich French girls for her secondhand clothes and unruly hair, Mathilde goes from being reduced to a farmer's wife to defying the country's chauvinism and repressive social codes by offering medical services to the rural population. As tensions mount between the Moroccans and the French colonists, Amine finds himself caught in the crossfire: in solidarity with his Moroccan workers yet also a landowner, despised by the French yet married to a Frenchwoman, and proud of his wife's resolve but ashamed by her refusal to be subjugated. All of them live in the country of others--especially the women, forced to live in the land of men--and with this novel, Leila Slimani issues the first salvo in their emancipation.

From the author of the bestselling The Catcher Was a Spy comes an exhilarating exploration of the performers, places, and experiences which form country music--a genre which is uniquely and authentically American. 40 photos.

Do Not Say It's Not Your Country is filled with fascinating characters: a South African woman and her children crowding an iron shack in Blikkiesdorp; a Madagascan slum boy who gets a job as a cook in Antananarivo; a shy Sierra Leonean girl who falls in love with a sly fisherman; a wily Nigerian prophet whose tricks are exposed; a Kenyan couple back in their old ways after confirmation in church - and many more. With themes such as love and innocence, terrorism and slavery, this brilliant book takes you on a tour of Africa and beyond, to meet more of humanity in its beauty and its pain. REVIEW: Like an arrow darting across the sky, this collection of twelve short stories tells a tale of poverty in South Africa, filthiness in Madagascar, teenage love and deception in Freetown, to the vagaries of religion in Nigeria. It intoxicates us in Kenya, making dreams realized in Uganda. From the forbidden love in Abuja to a Senegalese ordeal in Libya. We make connections to music in Bamako, halting to meet exiled Zimbabweans in South Africa. With a spiritual experience in Benin City and the warmth of second chances in Brazil, these stories will brush you with different emotions, these words will hold you, they will pin you down, making you stay up. Do Not Say It's Not Your Country marimates you in the richness of different cultures, making your pores open to the shared narrative, the pain, poverty, joy, the vicissitudes of life as well as the wonder sprinkled in these stories. - Funmiola Ogunseye - Literary Pundit, Dasiencia.com EXCERPT: MY happiest memories of those early days in Blikkiesdorp are about my brother Jabulani fluttering about in our small tin-can house like a butterfly, scattering clothes and plates and things, singing 'Nkosi Sikelel' iAfrika', blowing a yellow vuvuzela and sticking posters of the FIFA World Cup on the corrugated walls of our house. He and Thabo, the last kid, had been the wildest in the family since we were evicted from Athlone and camped here. Jabulani was ten and tall already, with hair so big and fluffy and fine. Thabo was three and had hair as rough as a foot mat. Mama said the boys' brains had gone faulty for turning almost everything in the house into objects of football madness. Jabulani had written the words 'BAFANA BAFANA' in blue ink on all his shirts and on Thabo's. He had written the same words on the walls of our house, and Mama did not like that. Thabo, who had no vuvuzela of his own, made vuvuzela sounds with his mouth. Now he had begun to upset Mama the most because since we failed to give him a proper toy, he was always straying into other people's tin houses, looking for something funny. After we saw him playing with a used sanitary pad he picked from God-knows-where, Mama said Thabo would pick up a snake next. BIO.: Nnamdi Oguike is a Nigerian writer.
