Trick Baby begins well and builds up midway to a terrific foot-chase through the seamier side of the city. In the second half it starts to run out of steam and becomes a little predictable. Things are bogged down especially by a lengthy scene involving a preacher, who is the only character that strikes a false note.

Johnny, a biracial teenager called "White Folks" because of his fair features, grows up in urban Chicago and enters the con game under the mentorship of Blue, a dark-skinned African American, after his mother is raped and taken to a mental institution.

The author that brought black literature to the streets is back. Weaving stories of deceit, sex, humor and race Iceberg Slim, best-selling author of Pimp, brings us the story of a hustler who doesn't just play the con game, he transforms it. This is the gritty truth, the life of a hustler in south side Chicago where the only characters are those who con and those who get conned. Trick Baby tells the story of [White Folks,] a blue-eyed, light-haired, con-artist whose pale skin allows him to pass in the streets as a white man. Folks is tormented early in life, rejected by other children and branded a [Trick Baby,] the child conceived between a hooker and her trick. Refusing to abandon his life in the ghetto and a chance at revenge, Folks is taken under the wing of an older mentor, Blue. What happens next is not to be believed. Only Slim could bring us the story of a hustler, forced to learn the game and rise to the top. It's Slim's story and he tells it in the only way he knows how, in the language of the streets.

Trick Baby charts the rise of White Folks, a hite Negro who uses his colour as a trump card in the tough game of the Con. Blue-eyed, light-haired and white-skinned, White Folks is the most incredible con man the ghetto ever spawned, a hustler in the jungle of Southside chicago where only the sharpest survive. With his partner Blue, an old hand who teaches him the tricks of the trade, White Folks rises to the top of his profession. The cons he pulls off get more and more lucrative and dangerous until one day they go too far . . .

Yeux bleus, cheveux clairs e peau blanche, White Folks est un Noir. Grâce à son physique et son talent pour l'entourloupe, il se fait respecter là où les plus forts survivent. Avec son partenaire, Old Blue, ils forment la paire d'arnaqueurs la plus efficace de Chicago. Jusqu'au jour où ils s'attaquent involontairement à la mafia. " Trick Baby est un roman total. Les péripéties entraînent le lecteur dans leur rythme trépidant, mais ce sont les ravages de l'exclusion et de la xénophobie qui enracinent le récit, au-delà de la seule différence de couleur de la peau. Le polar, quand il atteint l'ampleur de Trick Baby, rejoint la famille des grands romans d'aventures qu'on ne se lasse jamais de relire parce qu'ils apaisent notre voyeurisme, le désir d'être un autre." Hugo Marsan, Le Monde.

Pressbook for 1972 motion picture "Trick baby," starring Kiel Martin and Mel Stewart and directed by Larry Yust; includes images of film stills and advertising materials.

"Thousands of parents, from regular moms and dads to Hollywood superstars, have come to baby expert Dr. Harvey Karp to learn his remarkable techniques for soothing babies and increasing sleep. Now his landmark book—fully revised and updated with the latest insights into infant sleep, bedsharing, breastfeeding, swaddling, and SIDS risk—can teach you too!"—Back cover.

Unconventional—yet effective—parenting strategies, carefully curated by the creator of the popular podcast The Longest Shortest Time Some of the best parenting advice that Hillary Frank ever received did not come from parenting experts, but from friends and podcast listeners who acted on a whim, often in moments of desperation. These “weird parenting wins” were born of moments when the expert advice wasn’t working, and instead of freaking out, these parents had a stroke of genius. For example, there’s the dad who pig-snorted in his baby’s ear to get her to stop crying, and the mom who made a “flat daddy” out of cardboard and sat it at the dinner table when her kids were missing their deployed military father. Every parent and kid is unique, and as we get to know our kids, we can figure out what makes them tick. Because this is an ongoing process, Weird Parenting Wins covers children of all ages, ranging in topics from “The Art of Getting Your Kid to Act Like a Person” (on hygiene, potty training, and manners) to “The Art of Getting Your Kid to Tell You Things” (because eventually, they’re going to be tight-lipped). You may find that someone else’s weird parenting win works for you, or you might be inspired to try something new the next time you’re stuck in a parenting rut. Or maybe you’ll just get a good laugh out of the mom who got her kid to try beets because...it might turn her poop pink.

Dans le sillage des Black Panthers, la littérature puis le cinéma (avec la blaxploitation) expriment les révoltes de la communauté noire dès la fin des années 60. On entend enfin la voix d'une Amérique qui n'a plus rien d'un rêve, celle des arnaqueurs, des travestis, des gigolos. En 1969, sort Pimp, autobiographie explosive d'Iceberg Slim (alias Robert Beck) qui devient le proxénète le plus célèbre des États-Unis. Il publie ensuite plusieurs fictions très inspirées de sa vie, dont Trick Baby et Mama Black Widow. Un peu malgré lui, il devient le porte-parole d'une partie du lumpenproletariat noir qui ne se reconnaît pas dans le message politique du Black Power. Dans ses livres, les héros ne refusent jamais une ligne de coke et donneraient tout pour quelques billets. Comme le dit l'auteur lui-même : « Il n'y a pas de psychologie, de sermons ou de notes dans ce récit d'une vie. Les dialogues sont dans la langue crue des pédés, du ghetto noir, du Sud profond, des bas-fonds. »
