systems, computer networks,
distributed systems,

security, and more.

According to code.org, there
are 500,000 open programming
positions available in the
US— compared to an annual

Download File PDF

Understanding Computer

Science For Advanced

Level By Ray Bradley
crop of just 50,000
graduating computer science
majors. The US Department of
Labor predicted that there
will be almost a million and
a half computer science jobs
in the very near future, but
only enough programmers to

Download File PDF

Understanding Computer

fill roughly one third of these jobs. To bridge the gap, many people not

formally trained in computer science are employed in programming jobs. Although they are able to start programming and coding
