Written by experienced examiner Molly Marshall, this Student Guide for Psychology: -Identifies the key content you need to know with a concise summary of topics

File Type PDF

Understanding Psychology

Guided Answers examined in the A-level

specifications -Enables you to measure your understanding with exam tips and knowledge check questions, with answers at the end of the guide -Helps you to improve your exam technique with sample answers to exam-

File Type PDF

Understanding Psychology

style questions - Develops your independent learning skills with content you can use for further study and research

Each chapter of this content-rich study guide includes a review of key objectives, a guided chapter

File Type PDF

Understanding Psychology

review, key terms, two practice tests, short answer questions, and Internet activities.

For every major content section, longtime author Richard Straub has divided each module by major topic; each section includes

File Type PDF

Understanding Psychology

Guided Answers
a Preview (objectives that require short answers) and "Stepping Through the Section" (which include detailed, fill-in-the-blank questions). The Study Guide also includes self-tests, critical-thinking exercises, vocabulary and language activities, Internet

File Type PDF

Understanding Psychology

activities, and crossword puzzles.

Includes established theories and cutting-edge developments.

Presents the work of an international group of experts.

Presents the nature, origin, implications, and future course of

File Type PDF

Understanding Psychology

major unresolved issues in the area.

More than any other psychology textbook, Don and Sandra Hockenbury's Psychology relates

File Type PDF

Understanding Psychology

the science of psychology to the lives of the wide range of students taking the introductory course. Now Psychology returns in a remarkable new edition that shows just how well-attuned the Hockenburys are to the needs of today's students and instructors.

File Type PDF

Understanding Psychology

Psychology began with a basic idea: combine scientific authority with a narrative that engages students and relates to their lives. From decades of experience teaching, the Hockenburys created a book filled with cutting-edge science and real-life stories

File Type PDF

Understanding Psychology

that draw students of all kinds into the course.

Psychology has been captured by an assumption that is almost totally unrecognized. This assumption--the linearity of time--unduly restricts theory and

File Type PDF

Understanding Psychology

therapy, yet this restriction is so common, so customary, that it is often completely ignored. This book traces the influence of this assumption and reveals the many overlooked "anomalies" to its dominance. Slife describes the many findings and explanations

Page 57/64

File Type PDF

Understanding Psychology

that are incompatible with linear time in several psychological specialties. He contends that these unnoticed anomalies point to alternative conceptions of time that offer innovative ideas for psychological explanation and treatment.

File Type PDF

Understanding Psychology

Guided Answers

Sponsored by Division 15 of APA, the second edition of this groundbreaking book has been expanded to 41 chapters that provide unparalleled coverage of this far-ranging field.

Internationally recognized
