Electrical Contracting, Second Edition is a nine-chapter text guide for the greater efficiency in planning and completing installations for the design, installation and control of electrical contracts. This book starts with a general overview of the efficient cabling and techniques that must be employed for safe wiring design, as well as the cost estimation of the complete electrical contract. The subsequent chapters are devoted to other electrical contracting requirements, including electronic motor control, lighting, and electricity tariffs. A chapter focuses on the IEE Wiring Regulations and Statutory Regulations to ensure compliance to the fundamental requirements for safety. The discussion then shifts to visual inspection and testing in accordance with the IEE Wiring Regulations. The last chapter describes the special role of the Joint Industrial Council for Electrical Installation Contracting in introducing a rational and equitable incomes policy into the industry. This text includes many worked examples and illustrations to demonstrate how the technical and commercial aspects are put into practice.

A colorful, magic, visual journey through the mind of Sunny Buick. Her powerful imagery contains references to many popular subjects and sub cultures. Using creativity and humor, she courageously shows a possible surreal future filled with chimera, animals, tattooed folks amongst strange vegetation.

Blessed Padre Pio, humble peasant and world-famous stigmatist, spoke simple words of Christian encouragement and inspiration to all who approached him seeking counsel. This biographical sketch and collection of memorable sayings is a compact and accessible introduction to the life and message of one of the great religious figures of the 20th century.
