~~West Virginia is scaling back its community testing events for the coronavirus. Gov. Jim Justice says the decision was made due to the availability and convenience of at-home test kits ...~~

Nothembi got bored sitting alone in her room when she worked as a domestic worker. She recorded her own music on a portable tape recorder and took it to a record company. But she could not read contracts and lost money from her music. Now she is back at school and has a good contract. Her music is earning her money and making her famous.

An award-winning play about the relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

"This book provides a comprehensive, critical approach to meeting the new challenges of technology in the classroom. It gathers together research on technology methods, principles, and content, acting as a reference source for proven and innovative methods. It presents an introduction to teaching educational technology, design, and engineering and contains strategies for innovation in technology education"---Provided by publisher.

This book presents a comprehensive, systematic approach to the development of learning strategies.

Study & Master Mathematics has been specially developed by an experienced author team to support the Curriculum and Assessment Policy Statement (CAPS). The innovative Teacher's Guide includes: * a detailed daily teaching plan to support classroom management * teaching tips to guide teaching of the topics in the learner material * worked out answers for all activities in the Learner's Book * photocopiable record sheets and templates. Also provides a comprehensive Learner's Book.

This book provides a critique of over two decades of sustained effort to infuse educational systems with education for sustainable development. Taking to heart the idea that deconstruction is a prelude to reconstruction, this critique leads to discussions about how education can be remade, and respond to the educational imperatives of our time, particularly as they relate to ecological crises and human-nature relationships. It will be of great interest to students and researchers of sociology, education, philosophy and environmental issues.
