This was a decent textbook. It was very up-to-date, which was nice, but the writing was rather mediocre and it was unclear at times. My biggest problem with this book is that it wasn't very neutral - it made an attempt, but you could tell that the author was a liberal (and I'm not one of those crazy conservatives who thinks everything but the Bible is liberal propaganda - I'm super liberal ...

AN INSTANT NEW YORK TIMES BESTSELLER! A USA TODAY "BEST BOOKS OF 2021" PICK! In the bestselling tradition of The Presidents Club and Presidential Courage, White House history as told through the stories of the best friends and closest confidants of American presidents. Here are the riveting histories of myriad presidential friendships, among them: Abraham Lincoln and Joshua Speed: They shared a bed for four years during which Speed saved his friend from a crippling depression. Two decades later the friends worked together to save the Union. Harry Truman and Eddie Jacobson: When Truman wavered on whether to recognize the state of Israel in 1948, his lifelong friend and former business partner intervened at just the right moment with just the right words to steer the president ' s decision. Franklin Delano Roosevelt and Daisy Suckley: Unassuming and overlooked during her lifetime, Daisy Suckley was in reality FDR ' s most trusted, constant confidant, the respite for a lonely and overworked President navigating the Great Depression and World War II John Kennedy and David Ormsby-Gore: They met as young men in pre-war London and began a conversation over the meaning of leadership. A generation later the Cuban Missile Crisis would put their ideas to test as Ormsby-Gore became the president ' s unofficial, but most valued foreign policy advisor. These and other friendships—including Thomas Jefferson and James Madison, Franklin Pierce and Nathaniel Hawthorne, and Bill Clinton and Vernon Jordan—populate this fresh and provocative exploration of a series of seminal presidential friendships. Publishing history teems with books by and about Presidents, First Ladies, First Pets, and even First Chefs. Now former Clinton aide Gary Ginsberg breaks new literary ground on Pennsylvania Avenue and provides fresh insights into the lives of the men who held the most powerful political office in the world by looking at the friends on whom they relied. First Friends is an engaging, serendipitous look into the lives of Commanders-in-Chief and how their presidencies were shaped by those they held most dear.

Politics is relevant. We the People is the best text for showing students that politics is relevant to their lives and that political participation matters—especially in the digital age. New coauthor Caroline Tolbert brings expertise in political behavior to deep revisions of key chapters, and new Digital Citizens boxes highlight the role of new media in politics.

Until very recently, American universities were led mainly by their faculties, which viewed intellectual production and pedagogy as the core missions of higher education. Today, as Benjamin Ginsberg warns in this eye-opening, controversial book, "deanlets"—administrators and staffers often without serious academic backgrounds or experience—are setting the educational agenda. The Fall of the Faculty examines the fallout of rampant administrative blight that now plagues the nation's universities. In the past decade, universities have added layers of administrators and staffers to their payrolls every year even while laying off full-time faculty in increasing numbers--ostensibly because of budget cuts. In a further irony, many of the newly minted--and non-academic--administrators are career managers who downplay the importance of teaching and research, as evidenced by their tireless advocacy for a banal "life skills" curriculum. Consequently, students are denied a more enriching educational experience--one defined by intellectual rigor. Ginsberg also reveals how the legitimate grievances of minority groups and liberal activists, which were traditionally championed by faculty members, have, in the hands of administrators, been reduced to chess pieces in a game of power politics. By embracing initiatives such as affirmative action, the administration gained favor with these groups and legitimized a thinly cloaked gambit to bolster their power over the faculty. As troubling as this trend has become, there are ways to reverse it. The Fall of the Faculty outlines how we can revamp the system so that real educators can regain their voice in curriculum policy.

Politics is relevant and participation matters.
