"When You are Engulfed in Flames" is a more mature and serious work from Mr. Sedaris. Just like the rest of us, he is growing up. Death, the comfort and security of old relationships, and the humility of age are all thematic elements in this text. However, that is not to say that Sedaris has lost his inimitable sense of style and humor.

The author recounts episodes from her life as a mother of two autistic children, from handling temper tantrums at home and in public to humorous anecdotes about Santa Claus, obsessions, and family life.

new collection of keen-eyed animal-themed tales is an utter delight.

Though the characters may not be human, the situations in these stories bear an uncanny resemblance to the insanity of everyday life. In "The Toad, the Turtle, and the Duck," three strangers commiserate about animal bureaucracy while waiting in a complaint line. In "Hello Kitty," a cynical feline struggles to sit through his prison-mandated AA meetings. In "The Squirrel and the Chipmunk," a pair of star-crossed lovers is separated by prejudiced family members. With original illustrations by Ian Falconer, author of the bestselling Olivia series of children's books, these stories are David Sedaris at his most observant, poignant, and

In David Sedaris' world, no one is safe and no cow is sacred. A manic cross between Mark Leyner, Fran Lebowitz, and the National Enquirer, Sedaris' collection of essays is a rollicking tour through the national Zeitgeist: a do-it-yourself suburban dad saves money by performing home surgery; a man who is loved too much flees the heavyweight champion of the world; a teenage suicide tries to incite a lynch mob at her funeral; a bitter Santa abuses the elves. David Sedaris made his debut on NPR's Morning Edition with "SantaLand Diaries", recounting his strange-but-true experiences as an elf at Macy's, and soon became one of the

show's most popular commentators. With a perfect eye and a voice infused with as much empathy as wit, Sedaris writes stories and essays that target the soulful ridiculousness of our behavior. *Barrel Fever* is like a blind date with modern life, and anything can happen.

A guy walks into a bar car and... From here the story could take many turns. When this guy is David Sedaris, the possibilities are endless, but the result is always the same: he will both delight you with twists of humor and intelligence and leave you deeply moved. Sedaris remembers his father's dinnertime attire (shirtsleeves and underpants), his first colonoscopy (remarkably

pleasant), and the time he considered buying the skeleton of a murdered Pygmy. With *Let's Explore Diabetes with Owls*, David Sedaris shows once again why his work has been called "hilarious, elegant, and surprisingly moving" (Washington Post).

'When apple-picking season ended, I got a Job in a packing plant and gravitated towards short stories, which I could read during my break and reflect upon for the remainder of my shift. A good one would take me out of myself and then stuff me back in, outsized, now, and uneasy with the fit . . . Once, before leaving on vacation, I copied an entire page from an Alice Munro story and left it in my typewriter, hoping a burglar might

come upon it and mistake her words for my own. That an intruder would spend his valuable time reading, that he might be impressed by the description of a crooked face, was something I did not question, as I believed, and still do, that stories can save you'.

David Sedaris's beloved holiday collection is new again with six more pieces, including a never before published story. Along with such favorites as the diaries of a Macy's elf and the annals of two very competitive families, are Sedaris's tales of tardy trick-or-treaters ("Us and Them"); the difficulties of explaining the Easter Bunny to the French ("Jesus Shaves"); what to do when you've been locked out in a snowstorm

("Let It Snow"); the puzzling Christmas traditions of other nations ("Six to Eight Black Men"); what Halloween at the medical examiner's looks like ("The Monster Mash"); and a barnyard secret Santa scheme gone awry ("Cow and Turkey"). No matter what your favorite holiday, you won't want to miss celebrating it with the author who has been called "one of the funniest writers alive" (Economist).

A remarkable illustrated volume of artwork and images selected from the diaries David Sedaris has been creating for four decades. In this richly illustrated book, readers will for the first time experience the diaries David Sedaris has kept for nearly 40 years in the elaborate,

three-dimensional, collaged style of the originals. A celebration of the unexpected in the everyday, the beautiful and the grotesque, this visual compendium offers unique insight into the author's view of the world and stands as a striking and collectible volume in itself. Compiled and edited by Sedaris's longtime friend Jeffrey Jenkins, and including interactive components, postcards, and never-before-seen photos and artwork, this is a necessary addition to any Sedaris collection, and will enthrall the author's fans for many years to come.
