For Cheryl Mendelson, laundering is the best part of housekeeping. It's full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn't take much time or effort. What it takes is knowledge, and *Laundry* is the comprehensive, entertaining, and inspiring book on the art of laundering. Culled from the bestselling *Home Comforts*, with revised and updated information and a new introduction, *Laundry* is an indispensable guide to caring for all the cloth in one's home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, *Laundry* celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. *Laundry* combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.

Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games.

Safe, efficient, code-compliant electrical installations are made simple with the latest publication of this widely popular resource. Like its highly successful previous editions, the National Electrical Code 2011 spiral bound version combines solid, thorough, research-based content with the tools you need to build an in-depth understanding of the most important topics. New to the 2011 edition are articles including first-time Article 399 on Outdoor, Overhead Conductors with over 600 volts, first-time Article 694 on Small Wind Electric Systems, first-time Article 840 on Premises Powered Broadband Communications Systems, and more. This spiralbound version allows users to open the code to a certain page and easily keep the book open while referencing that page. The National Electrical Code is adopted in all 50 states, and is an essential reference for those in or entering careers in electrical design, installation, inspection, and safety.

A Doody's Core Title 2012 This new illustrated guide to assistive technologies and devices chronicles the use of AT/AD - technology used by individuals with disabilities to perform functions that might otherwise be difficult or impossible. This book empowers people to use assistive technologies to overcome some of their physical or mental limitations and have a more equal playing field. It includes real-life examples about how people with disabilities are using assistive technology (AT) to assist them in daily tasks, and discusses emotional issues related to AT/AD.

This book gives students a wildly entertaining, visionary piece that offers a compelling new way to see the future of technology. They'll learn the fascinating ways to think beyond screens using three principles that can lead toward more meaningful innovation. Whether they're working in the technology industry or just concerned about our technological future, they'll find this insightful and creative book captivating.

From the author of the New York Times bestseller *The Inevitable*—a sweeping vision of technology as a living force that can expand our individual potential In this provocative book, one of today's most respected thinkers turns the conversation about technology on its head by viewing technology as a natural system, an extension of biological evolution. By mapping the behavior of life, we paradoxically get a glimpse at where technology is headed—or "what it wants." Kevin Kelly offers a dozen trajectories in the coming decades for this near-living system. And as we align ourselves with technology's agenda, we can capture its colossal potential. This visionary and optimistic book explores how technology gives our lives greater meaning and is a must-read for anyone curious about the future.

'I believe that 'emotion' is where it's at' Tom Peters For far too long, emotions have been ignored in favour of rationality and efficiency, but breakthroughs in brain science have revealed that people are primarily emotional decision-makers. Many companies have not yet accepted that fact, much less acted on it. In this fully revised edition, *Emotionomics* will help you to understand emotions in terms of business opportunities - both in the marketplace and in the workplace. In today's highly competitive marketplace where many products look alike, it is the emotional benefit that can make the difference. At

the same time, companies with engaged, productive work forces will undoubtedly achieve competitive advantage. Dan Hill's book draws on insights gathered through facial coding, the single best viable means of measuring and managing the emotional response of customers and employees, to help you to leverage emotions for business success in terms of branding, product design, advertising, sales, customer satisfaction, leadership and employee management. Emotions matter and Emotionomics will help you to step closer to customers and employees, but step ahead of your competitors.

A guide to home building, renovation, and remodeling for environmentally conscientious readers or home owners looking to promote energy efficiency explains how to reduce one's personal carbon footprint, lower costs, and promote an eco-friendly lifestyle while creating one's dream home. Original.
