Meredith is proud of her kids, and she's proud of herself for helping them get this far. She just never expected the tidal wave of emotions sweeping over her—or the tangled family dynamics complicating everything. Meredith doesn't miss her cheating ex, Roger, one bit, but sitting across from his very young, very gorgeous second wife threatens to unravel the graceful facade she's trying so hard to maintain. Joel, Meredith's husband, can see she's feeling the first pangs of empty-nest syndrome and wants to soften the blow—but he's distracted by a familiar face. Meanwhile, Cody and Dawn are sitting on their own secrets, and Roger's new wife, Lily, wonders if she really wants to be a part of this wild, mixed-up

This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include
