Commercial  
Practice is the work  
done for the

ownership of  
existence and

What one acquires,  
the one is said to  
own, resulting in  
the application of  
ownership to  
anything at all  
acquirable,  
including the slave;  
however, the slave  
is held in  
possession  
disowned and  
hence cannot be

We cannot  
accurately say that  
one owns a slave  
nor that a slave  
has owner, when  
the slave is held  
disowned! The  
disowned thing has  
no owner. The  
application of  
ownership to the  
slave has brought  
difficulty in telling

person being  
owned sounds as  
the person being a  
slave. We have  
redeemed the  
reality of  
ownership. There

own and things one  
cannot own

acquirable:

therefore, there are  
things one has the  
Right to acquire  
and things one has  
no Right to acquire.

If you cannot own  
it and you acquire  
it then you have  
stolen it, rendering
